

Where To Use Mathematics Worksheets

In this handbook you will find eighty worksheets to be used as Duplication Masters.

This chart shows where worksheets may be used. You will need to **duplicate** any worksheet used more than once.

No.	Master Worksheet Name	Lessons Where Worksheets Are Used
1	Addition facts drill sheet	1
2	Subtraction facts drill sheet	2
3	Time for hour, half hour, and quarter hour	5
4	Addition and subtraction drill sheet	8
5	Money	11
6	Addition and subtraction drill sheet	13
7	Multiplication chart	13
8	Time for five minutes	17
9	Addition and subtraction drill sheet	18
10	Addition equations	21
11	Addition and subtraction drill sheet	23
12	Addition grouping	24
13	Addition and subtraction drill sheet	28
14	Roman numerals	29
15	Time	32
16	Addition and subtraction drill sheet	33
17	Numbers in expanded form	36
18	Addition and subtraction drill sheet	38
19	Word problems	39
20	Multiplication	42
21	Addition and subtraction drill sheet	43
22	Equations	47
23	Addition and subtraction drill sheet	48
24	Word problems	49
25	Addition and subtraction drill sheet	53
26	Rounding numbers	55
27	Roman numerals	56
28	Meaning of division visualized	57
29	Addition and subtraction drill sheet	58
30	Fractional word problems	61
31	Addition and subtraction drill sheet	63
32	Distributive principle	65
33	Addition and subtraction drill sheet	68
34	Rounding numbers	70
35	Multiplication drill sheet	71
36	Time	73

Where To Use Mathematics Worksheets, continued:

No.	Master Worksheet Name	Lessons Where Worksheets Are Used
37	Addition and subtraction drill sheet	73
38	Map reading	77
39	Addition and subtraction drill sheet	78
40	Multiplication	82
41	Addition and subtraction drill sheet	83
42	Equivalent fractions	84
43	Addition and subtraction drill sheet	88
44	Temperature	90
45	Word problems	91
46	Addition and subtraction drill sheet	93
47	Bar graph information chart	93
48	Addition, subtraction, and multiplication drill sheet	98
49	Comparison of six digit numbers	99
50	Mixed numbers	102
51	Addition, subtraction, and multiplication drill sheet	103
52	Line graph chart	106
53	Addition, subtraction, and multiplication drill sheet	108
54	Division with remainder	109
55	Subtraction	111
56	Area and volume	112
57	Addition, subtraction, and multiplication drill sheet	113
58	Symmetry	116
59	Geopaper	117
60	Addition, subtraction, and multiplication drill sheet	118
61	Pictograph chart	121
62	Addition, subtraction, and multiplication drill sheet	123
63	Grid	126
64	Addition, subtraction, and multiplication drill sheet	128
65	Division	132
66	Addition, subtraction, and multiplication drill sheet	133
67	Division	135
68	Mixed numbers	137
69	Addition, subtraction, and multiplication drill sheet	138
70	Congruent figures	141
71	Addition, subtraction, and multiplication drill sheet	143
72	Subtraction equations	146
73	Addition and subtraction of mixed numbers	147
74	Addition, subtraction, and multiplication drill sheet	148
75	Grid	152
76	Addition, subtraction, and multiplication drill sheet	153
77	Addition drill sheet	156
78	Subtraction drill sheet	157
79	Addition, subtraction, and multiplication drill sheet	158
80	Multiplication drill sheet	159
