# INTRODUCTION

---

Welcome to the *Latin Primer 2*! You now have one year of Latin behind you—congratulations! Your main work last year was to memorize chants and learn vocabulary. All together you learned about four hundred words! This year, you'll notice that your Word Lists include not only new words, but old favorites as well. (And sometimes exercises will include old words you might not have seen since last year . . . just to keep you on your toes!)

Your main job this year is to begin to read and write more advanced Latin sentences. A large part of being able to read and write Latin is having lots of things (especially vocabulary!) tucked away in your memory, ready to use. By the end of this year you'll be able to translate sentences like, *Latrō quondam erat eques mīrus* ("The robber was once a wonderful knight") and *Lupī cervum nōn possunt oppugnāre* ("The wolves are not able to attack the deer").

As you learn more advanced Latin, you'll notice that you'll understand even better how our English language works. Since you're so used to using English, there are many things about it that you won't even notice until you see how Latin is different.

You may have realized last year that Latin appears in many places. I hope over the last year you've been able to recognize English names and other words that come from Latin. Maybe you've seen Latin on buildings, coins, or memorials. I've discovered that many colleges have Latin on their seals. You had a list of some of those in *Latin Primer 1*, and you'll be learning a couple more this year!

Once, at the end of a dinner I was having with my grandmother, she said with satisfaction, "*Fīnis.*" Learning Latin may not be quite as easy as eating dinner, but I hope you'll be able to say "*fīnis*" with satisfaction at the end of this year. Instead of being full of meat and potatoes, you'll be full of new knowledge!

# PRONUNCIATION GUIDE

## Vowels:

Vowels in Latin have only two pronunciations, long and short. When speaking, long vowels are held twice as long as short vowels. Long vowels are marked with a “macron” or line over the vowel (e.g., ā). Vowels without a macron are short vowels.

When spelling a word, including the macron is important, as it can determine the meaning of the word (e.g., *liber* is a noun meaning *book*, and *liber* is an adjective meaning *free*).

### Long Vowels:

ā	like <i>a</i> in <i>father</i> : frāter, suprā
ē	like <i>e</i> in <i>obey</i> : trēs, rēgīna
ī	like <i>i</i> in <i>machine</i> : mīles, vīta
ō	like <i>o</i> in <i>holy</i> : sōl, glōria
ū	like <i>oo</i> in <i>rude</i> : flūmen, lūdus
ȳ	like <i>i</i> in <i>chip</i> : grȳps, cȳgnus

### Short Vowels:

a	like <i>a</i> in <i>idea</i> : canis, mare
e	like <i>e</i> in <i>bet</i> : et, terra
i	like <i>i</i> in <i>this</i> : hic, silva
o	like <i>o</i> in <i>domain</i> : bonus, nomen
u	like <i>u</i> in <i>put</i> : sum, sub

## Diphthongs:

A combination of two vowel sounds collapsed together into one syllable is a diphthong:

ae	like <i>ai</i> in <i>aisle</i>	caelum, saepe
au	like <i>ou</i> in <i>house</i>	laudo, nauta
ei	like <i>ei</i> in <i>reign</i>	deinde
eu	like <i>eu</i> in <i>eulogy</i>	Deus
oe	like <i>oi</i> in <i>oil</i>	moenia, poena
ui	like <i>ew</i> in <i>chewy</i>	huius, hui

## Consonants:

Latin consonants are pronounced with the same sounds with the following exceptions:

c	like <i>c</i> in <i>come</i>	never soft like <i>city</i> , <i>cinema</i> , or <i>peace</i>
g	like <i>g</i> in <i>go</i>	never soft like <i>gem</i> , <i>geology</i> , or <i>gentle</i>
v	like <i>w</i> in <i>wow</i>	never like <i>Vikings</i> , <i>victor</i> , or <i>vacation</i>
s	like <i>s</i> in <i>sissy</i>	never like <i>easel</i> , <i>weasel</i> , or <i>peas</i>
ch	like <i>ch</i> in <i>chorus</i>	never like <i>church</i> , <i>chapel</i> , or <i>children</i>
r	is trilled	like a dog snarling, or a machine gun
i	like <i>y</i> in <i>yes</i>	when used before a vowel at the beginning of a word, between two vowels within a word, otherwise it's usually used as a vowel
