

The Ant Hill

The ant had a plan.

The ant dug a path in the sand.

The ant dug and dug
in the sand.

The ant must not rest.

It is a big task,

but the ant has help.

Up the hill the ants went.

The ants left the sand
at the top of the hill.

The ants did not get lost.

Drag and drop.

.....
Drag and drop the sand.
.....

Bump and dump.

Bump and dump

a clump of sand.

Get a grip.

Get a grip on that grit!

The ant hill got big.

It got big fast!

It was a big task,
.....
but the ants did it!
.....

The End
