

Exploring Creation with Zoology 2

Welcome to the wonderful world of God's aquatic animals. These notebook templates are designed for your students to use when completing their notebooking activities and assignments, such as making illustrations and writing down what they found most interesting in the lesson.

In addition to the templates that correspond with the Notebook Activities in each lesson are, there are also many templates to use for further notebooking fun not mentioned in the lesson. For example, the book does not ask the student to trace the ocean currents, but a page is made for the students to do just that if they wish. There are also a series of templates at the end that you can use when you go on a field trip, read an additional book or watch a show depicting aquatic animals. Simply give the child a blank notebook templates and ask them to record all that they remember from the experience. This will serve to solidify the material and initiate long term retention.

Further, there are pages at the end that have lines designed for new writers, with a larger writing area along with the dashed center line to help with letter formation.

Your child does not have to use all the notebook page templates provided here. The purpose of the course, and elementary science in general, is to encourage a love for learning. If the child does not enjoy the work, he will not enjoy the learning. Do all that you can to make science a fun, enjoyable and a wonderful experience. Allow the child to express his own words, thoughts and creativity when notebooking, and praise all their efforts. This will help make the completion of the child's own zoology book a joy.

Handwriting practice lines consisting of 12 horizontal lines spaced evenly down the page.

Handwriting practice lines consisting of 4 horizontal lines on the right side of the page, positioned to the right of the crab illustrations.

Bivalves

A large trapezoidal shape with a wide top and a narrow bottom. The top edge is a solid horizontal line. The two slanted sides are solid lines. The bottom edge is a solid horizontal line. Inside the trapezoid, there are ten horizontal lines, one on each side, creating a series of ten narrow, rectangular compartments. This shape is positioned directly below the word 'Bivalves'.

Four horizontal lines spaced evenly down the page, providing a writing area for notes or answers.

Gastropods

A large trapezoidal shape with horizontal lines inside, resembling a notepad or a writing area. The shape is defined by a top horizontal line, a bottom horizontal line, and two slanted side lines. The interior is filled with horizontal lines, creating a series of rows for writing. The top line is the title 'Gastropods', and the bottom line is the first of several horizontal lines below the trapezoid.

A series of horizontal lines for writing, consisting of 20 evenly spaced lines extending across the page.

The image shows a writing template. At the top right, there is a rounded rectangular box with a thin black border. To the left of this box, four horizontal lines extend from the box's left edge to the left margin. Below these four lines, there are 20 more horizontal lines spaced evenly down the page, providing a large area for writing.

A large empty oval shape on the right side of the page, with 15 horizontal lines extending from its left edge to the left margin. Below the oval, there are 15 more horizontal lines extending across the width of the page.

A small, horizontally-oriented rounded rectangular box with a thin black border, positioned at the top center of the page.A series of 15 horizontal lines spaced evenly down the page, providing a designated area for writing or notes.A large, vertically-oriented rounded rectangular box with a thin black border, occupying the bottom half of the page, intended for a drawing or illustration.

A large rounded rectangular box with 14 horizontal lines extending to its left side, providing a space for notes or a list.

A large rounded rectangular box with 10 horizontal lines extending to its right side, providing a space for notes or a list.

Four sets of handwriting practice lines. Each set consists of a solid top line, a dashed middle line, and a solid bottom line.

Four sets of primary writing lines, each consisting of a solid top line, a dashed midline, and a solid bottom line.

Four sets of primary writing lines, each consisting of a solid top line, a dashed midline, and a solid bottom line, providing a structured area for handwriting practice.

Handwriting practice lines consisting of solid top and bottom lines with a dashed midline, repeated down the page.
