

History and Geography 300

Unit	Lesson Title	Lesson Objectives
1 FARM COMMUNITIES		
	A Farming Community	Explain why farming was important to early American communities
	General Farms	List some of the things found on a general farm, and how hard work and weather can affect life on a farm
	Winter on a Farm	Describe some of the winter activities on a farm
	Spring on a Farm	Describe some of the spring activities on a farm
	Summer on a Farm	Describe some of the summer activities on a farm
	Project H301A-4-H Report	Write a report about the 4-H Club, using answers to the questions provided
	Autumn on a Farm	Describe some of the autumn activities on a farm
	Living on a Truck Farm	Describe life on a truck farm in the southwestern desert
	The Work on a Truck Farm	Describe some of the work that takes place on a truck farm in the southwestern desert
2 SPECIALIZED FARMS		
	Wheat and Grain Farms	Describe how crops such as wheat are grown on specialized farms
	Wheat Diseases and Difficulties	Explain the diseases and difficulties faced by farmers growing and harvesting wheat
	Corn Farms	Describe different kinds of corn grown on a farm
	Soybean Farms	Describe how corn is grown, harvested, and used
	Cotton Farms	Describe the importance of soybeans to crop rotation
		Describe how soybeans are grown, harvested, and used
		Describe how cotton is grown and used today
		Describe the importance of cotton plantations in colonial America
	An Orchard Community	Describe problems faced by cotton growers
		List interesting facts about apples and apple orchards
		Describe grafting and insect pollination
		List ways farmers can protect their orchards
	Apple Harvest Time	Describe how apples get from the orchard to the market
3 ANIMAL FARMS		
	Cattle Ranching	Describe how cattle ranching was started in America
	Round-Up Time	Describe a cattle round-up
	Project H303A-Exodus	Write a summary of the events in Exodus
	Project H303B-Brands	Create and draw three brands
	Project H303C-Cowboy Songs	Look up songs cowboys may have sung on the trail
	Project H303D-Tall Tales	Describe a tall tale
		Write a tall tale about a make-believe person
	Trail Drive	Describe how cattle ranchers get their cattle to market
		Describe some of the difficulties on the cattle trail
	Dairy Farming	Describe the different breeds of cattle found on a dairy farm
		Describe what takes place at a dairy and how dairy products are used
	Poultry Farming-Chickens	Describe poultry and egg production
	Poultry Farming-Turkey, Ducks, Geese	Describe how turkeys, ducks, and geese are raised on poultry farms

Unit	Lesson Title	Lesson Objectives
4 FISHING COMMUNITIES		
	Northern Atlantic Coast	Describe the Northern Atlantic Coast fishing industry
	Pacific Northwest Coast	Describe the Pacific Northwest Coast fishing industry
	Gulf of Mexico	Describe the Gulf of Mexico fishing industry
	Great Lakes	Describe the Great Lakes fishing industry
5 MINING COMMUNITIES		
	Mining: Facts About Coal	Describe different types of coal and how they are formed Describe the importance of coal mining
	Mining: Early Methods	Describe different types of coal and how they are formed Describe the importance of coal mining
	Mining: Modern Methods	Describe the four main types of modern coal mines
	Mining: Iron Ore	Describe how iron ore is mined, transported, and used
	Mining: Gold, Silver, and Copper	Describe early methods of gold, silver, and copper mining in America
	Drilling for Petroleum	Describe how petroleum is formed, produced, and used Describe the importance of petroleum
6 LOGGING COMMUNITIES		
	Looking at Logging	List the most important states in the American logging industry
	Trees of the Forest	Describe softwood trees and hardwood trees
	A Logging Camp	Describe the buildings found in early American logging camps
	Project H306A-Tall Tales	Write a tall tale about a make-believe person
	Working in the Forest	Describe logging industry jobs
	Work at the Sawmill	Describe types of equipment and jobs found in a sawmill
	Keeping the Forest	Describe things that harm living trees Describe how forests can be protected
7 MANUFACTURING COMMUNITIES		
	Introduction to Manufacturing	List basic facts about the important manufacturing state of Michigan
	Made in Michigan	Explain why Michigan is an important manufacturing state
	Project H307A-Made in Michigan	List items that are made in Michigan
	Automobiles	List the people who helped start Michigan's automobile industry List cars made in the past and today
	Cereal	List the people who helped start Michigan's cereal factories List cereals made in Michigan
	Project H307B-Visit a Grocery Store	Compare the amounts of Kellogg® and Post® cereals in a grocery store
	Project H307C-Make Some Snacks	Follow a recipe and make snacks
	Furniture	Describe the furniture manufacturing industry in Michigan
	Chemicals	Describe the chemical manufacturing industry in Michigan

Unit	Lesson Title	Lesson Objectives
8 TECHNOLOGY		
	The Telegraph	Describe the invention of the telegraph by Samuel Morse
	The Telephone	Describe the invention of the telephone by Alexander Graham Bell
	The Electric Light	Describe the invention of the electric light by Thomas Edison
	Thomas Edison's Other Inventions	Describe different inventions by Thomas Edison
	The Radio	Describe the invention of the radio by Guglielmo Marconi
	The Television	Describe the invention of the television by Philo T Farnsworth
9 SPACE		
	A Space Community	Describe how Sir Isaac Newton and Dr. Robert Goddard helped space exploration
	Two Special Places	Find NASA's Johnson Space Center and the John F. Kennedy Space Center on a map
	At the Space Center	List jobs that are done at a space center
	Project H309A-Space Center Jobs	Write a story about a job you would like to do at a space center
	Rockets in the Sky	Name the first two man-made satellites sent into space
	Space Travelers	Name the first two American astronauts and their spacecraft
	Trip to the Moon	Describe early exploration of the moon List important dates in moon exploration
	The Space Shuttle	Describe how the Space Shuttle is different from other spacecraft
	Project H309B-A Space Trip Story	Describe an imaginary space trip
	A Space Station	Describe efforts to build an international space station
10 COMMUNITIES IN REVIEW		
	Farming Communities	Review seasonal activities on a farm
	Animal Farms	Review how cattle ranches, dairy farms, and poultry farms provide food for people
	Fishing	Review how the fishing industry provides food for people
	Mining and Logging	Review the American mining and logging industries
	Manufacturing	Review manufacturing industries in Michigan
	Technology	Review technological inventions made in America
	Space	Review the American space community

History and Geography 400

Unit	Lesson Title	Lesson Objectives
1 OUR EARTH		
	Maps	Describe the features of a globe Use a globe to locate the northern, southern, eastern, and western hemispheres
	Oceans	Describe the earth's oceans Find the four major oceans on a globe
	Continents	Describe the seven continents of the earth Find the seven continents on a globe
	Rivers and Lakes	Describe the earth's rivers and lakes
	Early Exploration of Earth-Part 1	Explain how the spice trade helped European exploration
	Project H401A-Spices	Learn more about the use of spices
	Early Exploration of Earth-Part 2	Describe the contributions of Prince Henry the Navigator, Christopher Columbus, and Ferdinand Magellan
	Recent Exploration of Earth-Part 1	Describe exploration of the earth's oceans
	Recent Exploration of Earth-Part 2	Identify programs in the history of U.S. space exploration
	Report H401B-Space Flight	Research an American manned space flight
	Report H401C-Space Missions	Research an American manned space flight
2 SEAPORT CITIES		
	Seaports	Identify California's important seaport Identify Australia's important seaport
	Project H402A-Map Part 1	Begin work on a map of major world cities
	Australia	Describe the colonization of Australia
	Sydney	Describe the culture and geography of Sydney, Australia
	Report H402B-Animals	Research an Australian animal
	Project H402C-Australian Flag	Create an Australian flag Compare the British and Australian flags
	Hong Kong-Part 1	Describe the history of Hong Kong
	Hong Kong-Part 2	Describe the culture and geography of Hong Kong
	Chinese Culture	Describe Chinese culture in Hong Kong
	Istanbul-Part 1	Describe the history of Istanbul
	Project H402D-Map Part 2	Work on a map of major world cities
	Istanbul-Part 2	Describe historical places in Istanbul
	Turkish Culture	Describe the Turkish culture in Istanbul
	London-Part 1	Describe the history of London
	Project H402E-Map Part 3	Work on a map of major world cities
	Essay H402F-Name the Parts	Identify the different parts of Great Britain
	London-Part 2	Describe the culture and geography of London
	British Culture	Describe the British culture in London
	Project H402G-Map Part 4	Work on a map of major world cities
3 DESERT LANDS		
	What is a Desert?	Describe the climate and geography of a desert
	Life in the Desert	Describe how plants and animals can survive in the desert
	Project H403A-Plants and the Desert	Discover how well plants grow in desert soil
	Project H403B-Desert Animals	Research desert animals
	Northern Hemisphere Deserts	Describe deserts found in the Northern Hemisphere
	Southern Hemisphere Deserts	Describe deserts found in the Southern Hemisphere
	How Do People Live in the Desert?	List the three main groups of desert people Describe traditional ways of life in the desert

Unit	Lesson Title	Lesson Objectives
3 DESERT LANDS - cont.		
	Project H403C-Nomads	Describe life in a nomad camp
	Modern Ways of Life	Describe modern ideas for making life easier in the desert
	Project H403D-Inventions	Research inventions that make life easier in the desert
4 GRASSLANDS		
	Grasslands	Describe features of grasslands
	The Ukraine-Part 1	Describe features of the Ukraine
	The Ukraine-Part 2	Describe the history of the Ukraine
	The Ukraine-Part 3	Describe the religions and culture of the Ukrainian people
	Kenya-Part 1	Describe the geography of Kenya
	Kenya-Part 2	Describe the history of Kenya
	Kenya-Part 3	Describe life in Kenya
	Project H404A-Kenyan Safari	Research a safari adventure in Kenya
	Kenya-Part 4	Describe the government and culture of the Kenyan people
	Argentina-Part 1	Describe the geography of Argentina
	Argentina-Part 2	Describe the political and economic history of Argentina
	Argentina-Part 3	Describe the culture of the people in Argentina
5 TROPICAL RAINFORESTS		
	Rainforests of the World	Describe features of a tropical rainforest
	Plants and Animals of the Rainforest	Describe the plants and animals found in a tropical rainforest
	People and the Rainforest	Describe how people affect tropical rainforests
	Report H405A-Rainforest Plants and Animals	Research rainforest plants and animals
	The Amazon	Describe features of the Amazon River
	History of Amazonia	Describe the history of the Amazon rainforest
		Describe early European exploration, the rubber boom, and the Trans-Amazon Highway
	Amerindians of the Amazon	Describe how Indians of the Amazon have been mistreated
		Describe how Indians of the Amazon are being helped by others
	The Congo Rainforest	Describe features of the Congo River Basin
		Describe animals that live in the Congo River Basin
	History of the Congo	Describe the history of the Congo
	Report H405B-The Livingstone Story	Research the life of David Livingstone
	People of the Congo Rainforest	Describe how the people of the Congo Rainforest work and live
6 THE POLAR REGIONS		
	Polar Regions	Describe features of the Arctic and Antarctic
	Ice and Icebergs	Describe glaciers and icebergs
	Arctic Polar Region	Describe efforts of men to explore the Arctic
	Arctic Plant and Animal Life	Describe plant and animal life in the Arctic region
	Report H406A-Arctic Animal Life in the Arctic	Research an Arctic animal
	The Arctic Today	Describe the people who live in the Arctic region
		List reasons why the Arctic region is important
	Antarctic Polar Region	Describe early exploration of the Antarctic
	The Last Place on Earth	Describe features of the Antarctic
		Describe plant and animal life in the Antarctic
		Describe how people have learned to survive in the Antarctic
	Report H406B-Polar Explorer	Research a polar explorer

Unit	Lesson Title	Lesson Objectives
7 MOUNTAIN COUNTRIES		
	Mountain Regions	Describe the climate and features of mountains
	The Andes and Peru	Describe features of the Andes Mountains Describe the ancient people of Peru
	Peru Today	Describe the history and culture of Peru
	The Himalayas	Describe features of the Himalayas
	Nepal	Describe features of Nepal
	Nepalese History	Describe the history, religion, and people of Nepal
	Nepal Today	Describe problems faced by people living in Nepal
	Switzerland of the Alps	Describe features of Switzerland
	Swiss History	Describe the history of Switzerland
	Switzerland Today	Describe the government, business, and people in Switzerland today
8 LIVING IN ISLAND COUNTRIES		
	Islands of the World	Describe features of islands Explain how and where islands are created
	Cuba	Locate Cuba on a map Describe features of Cuba
	Cuban History	Describe Cuban history
	Life in Cuba	Describe Cuban culture and quality of life
	Iceland	Describe features of Iceland
	History of Iceland	Describe the ancient history of Iceland
	Icelandic Life	Describe culture and quality of life in Iceland
	Japan	Describe features of Japan
	Japanese History	Describe the history of Japan
	Life in Japan	Describe Japanese culture and quality of life
	Japanese Religion and Art	Describe Japanese religion and art
9 NORTH AMERICA		
	Geography	Describe the land and water features of North America
	Peninsulas, Oceans, and Islands	Describe the geography and history of the West Indies
	Climate, Resources, and Culture	Describe the climate, natural resources, and culture in North America
	Greenland	Describe the history and geography of Greenland
	Canada	Describe the history and geography of Canada
	United States-Part 1	Identify states in the Northeast/Middle Atlantic, Southern, and Central Regions Name the state capitals in each region Describe features of each region
	United States-Part 2	Identify states in the Prairie, Mountain, and Pacific Regions Name the state capitals in each region Describe features of each region
	Mexico	Describe the geography and history of Mexico
	Central America	Describe the geography and history of Central America
	West Indies	Describe the geography and history of the West Indies

Unit	Lesson Title	Lesson Objectives
10	OUR WORLD IN REVIEW	
	Review of Geography	Review geographical terms and the features of a globe
	Review of Exploration	Review early European exploration of the Americas
	Review of Europe	Review modern exploration of the earth's oceans and space
	Review of Asia-Part 1	Review the history and culture of Switzerland, Ukraine, London, and Iceland
	Review of Asia-Part 2	Review the history, geography, culture, and religions of Istanbul and Hong Kong
	Review of Africa	Review the history, geography, culture, and religions of the Arabian Desert, the Gobi Desert, Nepal, and Japan
	Review of Australia	Review the history and geography of Africa
	Project H410A-Investigate the Mystery	Review the history, geography, and culture of Australia
	Review of South America-Part 1	Discover why so many places are named Victoria
	Review of South America-Part 2	Review the history and geography of Chile and Peru
	Review of Antarctica	Review the history and geography of Amazonia and Argentina
	Review of North America	Review the history and geography of Antarctica
	Review of the United States	Review the geography and history of Greenland and Canada, Mexico, Central America, the West Indies, and Cuba
	Review of the North Polar Region	Review the six regions of the United States
		Review history and geography of the North Polar Region

History and Geography 500

Unit	Lesson Title	Lesson Objectives
1 EXPLORING THE NEW WORLD		
	Exploration Tools	Describe tools used by early explorers
	Maps	Identify different types of maps Compare physical and political maps
	Viking and Portuguese Explorers	List the first explorers of the Americas
	Spanish Explorers	Identify Spanish explorers of the New World Describe the accomplishments of Columbus, Balboa, Magellan, Ponce de Leon, Coronado, and De Soto
	English Explorers	Identify early English explorers of the New World Describe the accomplishments of John Cabot, Sir Frances Drake, and Sir Walter Raleigh
	French Explorers	Identify early French explorers of the New World Describe the accomplishments of Jacques Cartier, Samuel de Champlain, Joliet and Marquette, and Robert La Salle
	Dutch Explorers	Identify early Dutch explorers of the New World Describe the accomplishments of Henry Hudson and the West India Company
	Early Settlements	Explain why settlers came to America Describe the hardships faced by settlers
	Project H501A-Thanksgiving	Write a prayer of thanksgiving to God
	New England Colonies	Identify the New England colonies Explain why each colony was founded
	Middle Colonies	Identify the Middle colonies Explain why each colony was founded
	Southern Colonies	Identify the Southern colonies Explain why each colony was founded
2 COLONIAL AMERICAN LIFE		
	Life in New England Colonies	Describe life in the New England Colonies
	Project H502A-Family Tree	Make your own family tree chart
	New England Clothing and Schools	Describe clothing and learning opportunities for children in New England colonies Explain why the first New England schools were established
	New England Crafts	Identify craftsmen who worked in New England colonies Describe how craftsmen passed down their skills
	New England Worship and Activities	Describe a Puritan worship service
	Life in the Middle Colonies	Describe activities enjoyed by New England colonists Identify the Middle Colonies Explain why Philadelphia was founded
	Benjamin Franklin: A Successful Man	Explain why Benjamin Franklin was considered a successful man
	Benjamin Franklin: A Good Citizen	Describe the qualities in Benjamin Franklin's life that led him to be successful Identify characteristics of a good citizen
	Project H502B-Bible Proverbs	Learn five Biblical proverbs
	Project H502C-Franklin Proverbs	Create a sampler of a Benjamin Franklin proverb
	Life in the Southern Colonies	Describe life on a colonial plantation Compare Southern colonies to Northern and Middle colonies

Unit	Lesson Title	Lesson Objectives
2 COLONIAL AMERICAN LIFE - cont.		
	Southern Activities and Worship	Describe worship services in the Southern colonies Compare Southern colonies to Northern and Middle colonies
3 THIRTEEN COLONIES BECOME A NEW NATION		
	A Search for Freedom Problems With England	Explain why colonists were willing to go to war with England Describe the "Boston Tea Party" Explain why colonists rebelled against England Describe how England responded to the colonist rebellion
	War of Independence	Explain why the American Revolution began Identify where the first battles of the American Revolution took place
	Project H503A-Johnny Cakes Independence Declared	Make Johnny Cakes Identify the author of the Declaration of Independence Explain the importance of the Declaration of Independence
	A Turning Point Reached	Describe the importance of the Battle of Saratoga Describe the winter at Valley Forge Describe wars on the western frontier and in the South
	Essay H503B-Revolutionary War Victory Declared	Write a story about the causes of the Revolutionary War Summarize the Battle of Yorktown Explain the results of the Treaty of Paris
	A New Nation	Describe the weaknesses of the Articles of Confederation Describe the strengths of the United States Constitution
	Democracy	Explain the basic freedoms expressed in the Bill of Rights Identify symbols of America Identify rules for respecting the American flag
	Project H503C-Pledge of Allegiance	Memorize the Pledge of Allegiance
4 NEW LANDS AND TROUBLED TIMES		
	The Louisiana Purchase	Describe the details of the Louisiana Purchase Describe the importance of the Lewis and Clark Expedition
	Project H504A-Colonies Map The War of 1812 Project H504B-Star Spangled Banner	Map the 13 colonies Explain the causes and outcomes of the War of 1812 Memorize and sing a stanza of the Star Spangled Banner
	Expansion from Sea to Sea	Explain how the United States acquired the land to expand from sea to sea
	Project H504C-USA Map Project H504D-America the Beautiful	Complete a map of the United States Learn to sing America the Beautiful
	Project H504E-Current Event Life on the Frontier	Research a current event in another state Explain what is meant by the term frontier Identify hardships faced by the original frontiersmen
	Life on the New Frontier	Describe life in the new frontiers west of the Mississippi River after 1850
	Project H504F-Living in the Frontier Problems Between the North and the South A Great Nation Divided by War	Write a story about life in the frontier Explain the economic and political differences between the North and the South Describe the roles played by Abraham Lincoln, Robert E. Lee, and Ulysses S. Grant during the Civil War

Unit	Lesson Title	Lesson Objectives
4 NEW LANDS AND TROUBLED TIMES - cont.		
	The Aftermath of the Civil War	Describe the results of the Civil War Describe the difficulties of reuniting the North and South Describe the steps taken to help former slaves
5 THE UNITED STATES BECOMES A WORLD LEADER		
	Inventions and New Ideas	Identify discoveries and inventions that helped America enter the industrial age Explain how technological advancement depends on scientists and inventors
	Development of Power	Describe the development of power and power sources since 1865
	Technological Advancements	Describe advancements in space and ocean exploration, agriculture, medicine, and conservation
	Project H505A-Conservation	Write a paragraph about conservation
	Industrialization	Describe how industrialization and free enterprise have changed life in America
	Power Struggles	Explain actions taken to ensure fairness in business and labor
	Immigration and Urbanization	Explain how America benefited and grew from immigration Describe the effects of population growth on American cities and towns
	Report H505B-Biography	Research the life of an important immigrant to America
	Essay H505C-Government Money	Research government money given to cities to help with urbanization
6 UNITED BY TRANSPORTATION AND COMMUNICATION		
	Progress of Transportation in Early America	Describe the progress of transportation in the United States
	Land Transportation	Describe stagecoaches and covered wagons Explain the importance of stagecoaches and wagons as early modes of transportation
	Water Transportation	Describe river flatboats, canal boats, and sailing ships Explain the importance of water transportation to early Americans
	Project H506A-Family Travel	Write about travel by water in early America
	Steamboat and Rail Transportation	Describe steamboats and locomotives Explain the importance of steamboat and rail transportation to early Americans
	Project H506B-Tom Thumb	Describe the famous "Tom Thumb Race"
	Progress of Transportation After 1800	Describe the progress of transportation in America after 1800
	Air Transportation	Describe early developments in air transportation in America
	Progress of Communication in America	Describe early methods of communication in America
	Printed and Postal Communication	Explain the development of newspapers, magazines, and postal communication
	Electronic Communication	Describe early methods of electronic communication
	Project H506C-Skit	Write a skit about an early American invention
	Modern Communication and the Government	Explain the importance of satellites in communication

Unit	Lesson Title	Lesson Objectives
------	--------------	-------------------

6 UNITED BY TRANSPORTATION AND COMMUNICATION - cont.		
---	--	--

Modern Communication and the Government	Describe the role of the government in modern communication
Report H506D-Invention	Write about an invention that greatly changed American life

7 THE UNITED STATES - ONE NATION WITH MANY REGIONS		
---	--	--

The New England States	Describe features of New England states Match New England state capitals with their states
The Middle Atlantic States	Describe features of Middle Atlantic states Match Middle Atlantic state capitals with their states
The Southern States	Describe features of Southern states Match Southern state capitals with their states
Report H507A-State	Write a report on one of the New England, Middle Atlantic, or Southern states
The Midwestern States-Part 1	Describe features of Midwestern states Match Midwestern state capitals with their states
The Midwestern States-Part 2 Project H507B-Captain's Diary	Describe the agriculture and industry of the Midwestern states Research the transportation of iron ore by freighter on the Great Lakes
Project H507C-Atlas Work The Western States	Trace major U.S. waterways on a map Describe features of Western states Match Western state capitals with their states
Alaska	Describe features of Alaska Identify the state capital of Alaska
Hawaii and U.S. Island Possessions	Describe features of the Hawaiian Islands and U.S. Island Possessions Identify the state capital of Hawaii

8 OUR SOUTHERN NEIGHBORS		
---------------------------------	--	--

Mexico: Contrasts in Geography	Describe geographical features of Mexico
Mexico: Contrasts in Cultures	Describe the early Indian cultures of Mexico Describe the cultural changes brought by the Spanish
Mexico: Contrasts in Daily Life Essay H508A-Influence	Describe the history of modern life in Mexico Explain how Indian and Spanish ideas have influenced religion, food, and handcrafts in Mexico
Central America: Contrasts in Geography	Describe the climate and geographical features of Central America
Report H508B-Continental Divide	Research the Continental Divide
Central America: Contrasts in Culture	Describe how the Spanish influenced the native Indian culture in Central America
Central America: Contrasts in Daily Life	Describe the contrasts in Central American lifestyles
Caribbean Islands	Describe the climate and culture of the Caribbean Islands Identify factors that influenced the culture of the Caribbean people

Unit	Lesson Title	Lesson Objectives
9 CANADA - OUR NORTHERN NEIGHBOR		
	Giant of the North	Describe geographical features of Canada
	Mosaic of People	Identify the Indian groups living in Canada Describe characteristics of each Indian group
	Project H509A-Inuits	Research the daily life of Inuits
	Searchers of Gold, Glory, and Spices	Identify early European explorers of Canada
	Project H509B-Play	Write a play about one of the famous explorers of Canada
	Glory of New France	Describe the struggles faced by settlers of New France Describe the conflicts between France and England
	A Century of Trial	Describe Canadian - U.S. relations during and after the American Revolution
	Canadian Confederation	Explain why the Confederation of Canada was created
	Spirit of Friendship	Describe the western growth of Canada Describe the relationship between Canada and the United States
	Report H509C-Hudson Bay Company	Write a report about the Hudson's Bay Company®
	Government and Unity	Describe the Canadian form of government Describe Canada's relationship with Great Britain Describe Canada's struggle for unity
	Provinces of Canada	Identify the provinces and territories of Canada
10 REVIEW		
	European Countries and Explorers	Review key explorers of the New World and their discoveries Match the explorers with the countries from which they were sent
	New World Colonies-Part 1	Review European settlement of North America and Mexico
	New World Colonies-Part 2	Review European settlement of Central America, the Caribbean, and Canada
	War for Independence	Review the causes and outcomes of the American Revolution
	Expansion and More War	Review westward expansion of the United States Review the causes of the Civil War
	Industrialization, Immigration, Urbanization	Review industrialization, immigration, and urbanization of the United States after the Civil War
	Communication and World Leadership	Review the growth of communication in the United States following the Civil War
	The United States	Review the geographical regions of the United States
	Mexico	Review government, culture, and daily life in Mexico
	Central America, Caribbean Islands, Canada	Review government, culture, and daily life in Central America, the Caribbean Islands, and Canada

History and Geography 600

Unit	Lesson Title	Lesson Objectives
1 WORLD GEOGRAPHY		
	Latitude and Longitude	Describe lines of latitude and longitude on a globe
	Time Zones and Maps	Describe how lines of longitude are used to define time zones
	Western Hemisphere: North America	Describe the climate and geographical features of North America
	Project H601A-North America	Research geographical features of North America
	Western Hemisphere: South America	Describe the climate and geographical features of South America
	Eastern Hemisphere: Africa	Describe the climate and geographical features of Africa
	Eastern Hemisphere: Europe and Asia	Describe the climate and geographical features of Europe and Asia
	Southern Hemisphere: Australia and Antarctica	Describe the climate and geographical features of Australia and Antarctica
	World Cultures - Part 1	Describe Anglo-American, Latin American, and African cultural regions
	Report H601B-Latin America	Write a report about a Latin American country
	World Cultures - Part 2	Describe the cultural regions of Europe, the Middle East, and Eastern and Southern Asia
	World Cultures - Part 3	Describe the cultural regions of Europe, the Middle East, and Eastern and Southern Asia
2 THE CRADLE OF CIVILIZATION		
	Mesopotamia: Fertile Crescent and Sumer	Describe geographical features of the Fertile Crescent and Sumer
		Describe ancient cultures of the Fertile Crescent and Sumer
	Mesopotamia: Babylonia and Assyria	Describe the history and culture of ancient Babylonia and Assyria
	Mesopotamia: Chaldea and Persia	Describe the history and culture of ancient Chaldea and Persia
	Israel	Describe the history and culture of Israel
	Egypt - The Old Kingdom	Describe the geography and history of ancient Egypt
	Egypt - The New Kingdom	Describe the history and culture of Egypt's new kingdom
3 THE CIVILIZATIONS OF GREECE AND ROME		
	The Civilization of Greece	Describe geographical features, history, and culture of ancient Greece
	Greece: City-States	Explain the concept of Greek city-states
	Greece: Wars	Describe the history and culture of Sparta and Athens
		Describe Grecian involvement in the Persian War and the Peloponnesian War
	Greece: Contributions	Describe Grecian contributions to philosophy, architecture, science, and government
	The Civilization of Rome	Describe geographical features, history, and culture of ancient Rome
	Rome: Power and Culture	Describe the ancient Roman struggle for power
		Describe cultural differences in the Roman way of life
	Rome: Christianity, Contributions, Decline	Describe Roman involvement with Christianity
		Describe Roman cultural contributions to civilization
		Describe the decline of the Roman Empire

Unit	Lesson Title	Lesson Objectives
4 LIFE IN THE MIDDLE AGES		
	The Feudal System	Describe the barbarian invasion of the Roman Empire Describe the feudal system of land ownership
	Daily Life	Describe daily life in the Middle Ages
	Project H604A-The Poor	Research how Jesus felt about the poor Research how the poor are helped in our country today
	Project H604B-Pollution	Compare pollution problems of today with those of the Middle Ages
	Books and Schools	Describe the history and culture of education in the Middle Ages
	Project H604C-Scribe	Explore the difficulties of copying stories by hand
	Islam	Describe the history, basic beliefs, and culture of Islam
	The Crusades	Describe the reasons for the Crusades Describe the final outcomes of the Crusades
	Project H604D-Crusade Lessons	Demonstrate your understanding of lessons learned from the Crusades
	The Trade System	Describe the trade system of the Middle Ages
	The Cathedrals	Describe the importance of Cathedrals built in the Middle Ages Describe the cultural influence of Cathedrals on civilization
5 SIX SOUTH AMERICAN COUNTRIES		
	Brazil: Geography	Describe geographical features and natural resources of Brazil
	Brazil: People and History	Describe the history and culture of the Brazilian people
	Brazil: Today and Tomorrow	Describe the major cities in Brazil Describe modern culture of the Brazilian people
	Report H605A-Special Times	Research important Brazilian cultural events
	Report H605B-Brazil	Research people, products, or resources of Brazil
	Colombia: Geography and People	Describe geographical features, natural resources, and cultures of Colombia
	Colombia: History, Today, and Tomorrow	Describe the history of Colombia Describe major cities and modern life in Colombia
	Report H605C-A Child in Colombia	Research modern lifestyles of Colombian children
	Venezuela: Geography and People	Describe geographical features, natural resources, and cultures of Venezuela
	Venezuela: History, Today, and Tomorrow	Describe the history of Venezuela Describe major cities and modern life in Venezuela
	Report H605D-Petroleum	Research petroleum
	Guyana, Suriname, French Guyana	Describe the history of Guyana, Suriname, and French Guiana
	Report H605E-Guianas	Demonstrate what you have learned about the Guianas

Unit	Lesson Title	Lesson Objectives
6 SEVEN SOUTH AMERICAN COUNTRIES		
	Ecuador, Peru, and Bolivia: Geography	Describe geographical features and wildlife in Ecuador, Peru, and Bolivia
	Ecuador, Peru, and Bolivia: People and History	Describe the history and culture of Ecuador, Peru, and Bolivia
	Ecuador, Peru, and Bolivia: Cities and Resources	Locate the countries of Ecuador, Peru, and Bolivia on a map
	Report H606A-Cities	Describe major cities and natural resources of each country Write a report about a city in Ecuador, Peru, or Bolivia
	Uruguay	Describe geographical features and natural resources of Uruguay
	Paraguay	Describe major cities and culture of Uruguay Describe geographical features and natural resources of Paraguay
	Report H606B-Paraguay and Uruguay	Describe major cities and culture of Paraguay Research a subject related to Paraguay or Uruguay
	Argentina	Describe geographical features and natural resources of Argentina
	Report H606C-Magellan	Describe major cities and culture of Argentina Write a report about Ferdinand Magellan
	Chile	Describe geographical features and natural resources of Chile Describe major cities and culture of Chile
	Report H606D-Chile	Research earthquakes in Chile
7 AFRICA		
	Introduction and Northern Africa	Describe the geographical features, history, and international problems of Africa Describe the geographical features and culture of Northern Africa
	Northern Coastal and Inland Countries	Locate the countries of Northern Africa on a map
	Essay H607A-Peace	Identify the capitals of each Northern African country Describe the history and culture of each Northern African country
	Essay H607B-Treatment of Others	Write a report explaining what Christians can do to bring peace
	Central Africa and Western Countries	Describe European treatment of Africans Describe the geography and culture of Central African countries
	Equatorial Countries	Identify the countries and capitals of Western Africa Describe the history and culture of Western African countries Locate the equatorial countries in Africa on a map Identify the capitals of each equatorial country in Africa Describe the history and culture of each equatorial country in Africa
	Southern African Countries	Locate the countries of Southern Africa on a map Identify the capitals of each Southern African country Describe the history and culture of each Southern African country

Unit	Lesson Title	Lesson Objectives
8 WESTERN EUROPE		
	The Renaissance: Awakening in Learning	Describe the beginnings of the Renaissance Period in Western Europe
	Art, Architecture, and Exploration	Describe changes in arts, architecture, and exploration during the Renaissance
	Religion and Other Fields	Describe changes in religion, science, technology, and government during the Renaissance
	Essay H608A-Renaissance Influence	Describe which Renaissance awakening has had the most influence on your life today
	The Industrial Revolution	Describe the Industrial Revolution
	Project H608B-Industrial Revolution	Describe the effects of the Industrial Revolution in England
	Age of Unrest: World War I	Demonstrate an understanding of the Industrial Revolution Describe the political factors leading to World War I Identify the major countries involved in the war
	Report H608C-World War I	Research a subject related to World War I
	Age of Unrest: World War II	Describe the factors leading to World War II Identify the major countries involved in the war Identify the leaders on both sides of the conflict
9 EASTERN EUROPE		
	The Byzantine Empire	Describe the Byzantine Empire Identify the leaders and enemies of the Byzantine Empire
	The Orthodox Church and Byzantine Art	Describe the Eastern Orthodox Church and its influence on Byzantine art
	North and Central Countries	Describe the early history of Northern and Central Europe
	Balkan Countries	Describe the early history of the Balkan countries of Eastern Europe
	Modern History: Communism	Describe the history of communism and its central beliefs Identify historical communist leaders
	Communism vs Democracy	Compare and contrast democracy and communism
	Communism/The Space Age	Describe the history of communism in Eastern European countries Identify advancements made in space exploration by communist countries
	Report H609A-Country	Research a communist country

Unit	Lesson Title	Lesson Objectives
10 DEVELOPMENT OF OUR WORLD		
	Cradle of Civilization: Mesopotamia	Review the beginnings of civilization and government in Mesopotamia
	Cradle of Civilization: Egypt and Israel	Review the governments and religions of Egypt and Israel
	Empire of Greece	Review the history and government of the Greek Empire Review the contributions the Greek Empire made to civilization
	Empire of Rome	Review the history and government of the Roman Empire Review the contributions the Roman Empire made to civilization
	Dark Ages in the Middle Ages	Review the Middle Ages following the decline of the Roman Empire
	Western Europe	Review the Renaissance and Industrial Revolution of Western Europe
	Age of Unrest	Review the causes and effects of World War I and World War II Review the participants and leaders in World War I and World War II
	Eastern Europe	Review communism in Eastern Europe
	Africa	Review political and cultural factors in African countries
	South America	Review cultural and economic factors of South American countries

History and Geography 700

Unit	Lesson Title	Lesson Objectives
1 WHAT IS HISTORY?		
	The Definition of History	Give the definition of history Recall categories of human culture
	Significance: Contributions	Relate why history is important Recognize significant contributions of several cultural groups
	Significance: Unity and Continuity	Tell how history shows that all people are alike in nature Identify the major divisions of history Evaluate the use of man's weaponry as a method of describing historical periods
	Significance: Conflicts	Identify the different conflicts of people
	Characteristics of Historians	Identify the characteristics of a good historian
	The Historical Method	Differentiate between primary and secondary sources Identify the major methods of dating archaeological evidence Know the steps of the historical method and reasons for each
	Two Views of History	Contrast the cyclical and linear views of history
2 WHAT IS GEOGRAPHY?		
	Classes of Geography	Identify and describe nine classes of geographical study
	Shape and Movement of the Earth	Name and describe by height or depth the highest and lowest places on the earth's surface Know how the distance between the highest and lowest places relates to the size of the earth Know facts relating to the tilt of the earth's axis and its revolution around the sun
	Relief: Plains and Hills	Describe the characteristics of plains and hills and their effect on how the land is used Know the primary examples of plains
	Relief: Mountains and Plateaus	Describe the characteristics of mountains and plateaus and their effect on climate and land use
	Elevation	Find the elevation of several mountains
	Relief: Rivers, Valleys, Oceans, Seas	Describe the terminology and characteristic forms of rivers and valleys Describe the ocean's influence on climate, man's settlement, and occupations Describe underwater landforms and major ocean currents
	Rivers	Using your geographic skills, locate information on major rivers
	The Journey West	Trace the American pioneers' journey west through major landforms, noting patterns of settlement and occupation
	Essay-Geography Trip	Write a short essay describing a trip
	Project-Landscape	Write a short essay on planning a landscape project of your choice
	Types of Projections	Describe the major types of map projections Discuss the advantages and disadvantages of each projection
	Places on Maps	Understand the use of meridians of longitude and parallels of latitude in locating places Describe types of maps according to their function
	Time Changes and Location	Explain why and how time changes from one location to another Name the four time zones of the continental United States Explain the International Date Line State the purpose of Daylight Savings Time

Unit	Lesson Title	Lesson Objectives
2 WHAT IS GEOGRAPHY? - cont.		
	Project-Local Map	Using your knowledge of maps, create a map of your local neighborhood
3 THE UNITED STATES		
	Geography: Part 1	Describe the geographical location of the United States as it relates to continents, oceans, and time zones
	Geography: Part 2	Name and describe some natural regions of the United States
	Early History	Name and describe the natural regions of the United States Describe the early history of the United States, including native peoples, explorers, and early settlement
	Northeast	Name states admitted to the Union in several major eras Identify the major geographical features and historical events of the Northeast region of the United States Explain the influences on the climate of the Northeast Describe the natural resources, agriculture, and industry of the Northeast
	South	Identify the major geographical features and historical events of the Southern region of the United States Explain the climate of the South Describe the natural resources, agriculture, and industry of the South
	Midwest	Identify the major geographical features and historical events of the Midwest region of the United States Explain the influences on the climate of the Midwest Describe the natural resources, agriculture, and industry of the Midwest
	West	Identify the major geographical features and historical events of the Western region of the United States
	Project-My Own State	Discuss what makes up culture Research geographical information about your own state
4 ANTHROPOLOGY - THE STUDY OF MANKIND		
	Understanding Anthropology	Describe the three special studies of anthropology Discuss what makes up culture
	Goals and Methods of Anthropology	Describe the goal of anthropology Describe the methods of anthropology
	Fieldwork	Describe the principles and methods of anthropological fieldwork Describe the various methods of presenting the fieldwork following
	Unity of Man	Describe the ways in which all people are alike
	Diversity of Man	Describe the differences among people as related to race and
	Seeking Food	Describe the major classifications of people groups by the way they obtain food
	Seeking Protection	Understand how man meets his need for protection from the environment and his enemies Explain how people's environment and culture affect the type of shelters they build
	Seeking Prosperity	Describe how alliances are formed through kin-groups Describe how man seeks prosperity through a belief in the supernatural

Unit	Lesson Title	Lesson Objectives
5 SOCIOLOGY - MAN IN GROUPS		
	Introduction	Describe what is included in the study of sociology Discuss how sociology relates to other studies
	Historical Development	Describe the major people and approaches to the study of sociology in history
	Social Groups/ Cultural Influence	Distinguish between types of social groups Describe how culture is acquired Know three possible results of cultures coming into contact with one another
	Social Behavior	List the major aspects of socialization Describe how socialization occurs Explain the influence of emotional contagion and propaganda on collective behavior
	Methods	Describe how the theory of sociological methods has changed Describe the major methods used by modern sociologists to gather and report information
6 ANTHROPOLOGY AND SOCIOLOGY OF THE UNITED STATES		
	Native Americans	Summarize how and why the Native Americans arrived in North America Compare the cultural differences in beliefs about land ownership between the Europeans and the Native Americans
	Northeastern/ Southern Tribes	Describe the anthropology and sociology of the Native American tribes of the Northeast and the South
	Midwestern/ Western Tribes	Describe the anthropology and sociology of the Native American tribes of the Midwest and West
	Other Cultural Groups	Describe the anthropology and sociology of the Eskimos and Hawaiians Speculate on how the environments of the Eskimos and Hawaiians changed their way of life
	Essay-Native American Culture	Write an essay on the culture of a present-day Native American tribe of your choice
	Immigrants From Europe, Asia, and Africa	Recognize the dominant influence immigrants had on American culture Recognize the motivations, contributions, and settlement patterns of immigrants to America Describe political events that have influenced more recent immigration to America
	Other Social Groups/ Religions	Describe the causes and development of immigration quotas Describe the social impact and stresses, including discrimination, of the immigration of varying ethnic groups Describe the religious diversity of the U.S. List the major social groups and classes of the U.S.
	United States as a Melting Pot	Describe the roles of language, technology, institutions, and religion in the U.S.
	Change in Society	Describe the major forces and events that have caused societal change in the United States Describe both positive and negative effects of an example of American societal change

Unit	Lesson Title	Lesson Objectives
7 ECONOMICS - RESOURCES AND NEEDS		
	Wants and Economic Systems	Distinguish wants from needs Contrast the economics of complex societies, such as the U.S., with those of the simple societies of underdeveloped nations
	Resources Available and Choice	Describe and compare the two major economic systems Explain the relationship between want and resource availability Summarize the impact of an economic system on production and distribution of goods and services
	Report-Underdeveloped Country	Write a report analyzing an underdeveloped country of your choice
	Market Mechanism	Explain how division of labor and specialization affects the market mechanism of the U.S. Explain how the market mechanism relates to prices and to savings and investments
	Competition	Describe how competition affects prices and other areas of the market
	Role of Government and Money	Contrast free enterprise and communism Describe the three functions of government in the American economic system
	An Experiment in Economy	Summarize how banks affect the supply of money Develop a personal budget based on income and spending goals
	Essay-Economics	Write an essay applying a scripture passage and economic principles that you have studied
8 POLITICAL SCIENCE		
	Areas of Political Science	Describe the three major categories of study in political science
	Ways of Knowing	Describe three general ways in which people can know things
	Contributions: Jewish and Greek Civilizations	Summarize the major contribution to political thought of the ancient Jewish and Greek civilizations
	Essay-Greek Leader	Write a report on a famous Greek leader of your choice
	Contributions: Christianity	Summarize Christianity's major contributions to political thought, as developed by Augustine of Hippo and Thomas Aquinas
	Report-Roman Leader	Write a report on a famous Roman leader of your choice
	Modern Political Thinkers	Describe the ideas of four modern political thinkers: Machiavelli, Hobbes, Locke, and Mill
	Theory, Practice, and Models	Discuss the influence of Locke's ideas on the political compacts of American colonists, including the Declaration of Independence State the five main thoughts of the Declaration of Independence Describe the three main models in the political environment Explain the model of the cycle of inputs and outputs of government
	Essay-Western Political Thought	Write an essay relating the political thoughts in the Declaration of Independence to the Bible
	Essay-Political News	Write an essay constructing a model and analysis on a current political issue

Unit	Lesson Title	Lesson Objectives
9 ECONOMICS AND POLITICS OF A STATE		
	State Government	<p>Explain the historical basis for the unique relationship of the American states to the federal government</p> <p>Identify the major events and persons related to the ideas of interposition, nullification, and secession</p> <p>Describe the three main models in the political environment</p> <p>Describe the increasing strength of federal government from the time of the American Revolution to the present</p>
	Structure: Legislative	<p>Explain the influence of the idea of checks and balances on state government</p> <p>Describe the structure of a typical state legislature and how it is representative of the state's people</p> <p>Trace the progress of a bill through a state legislature into law</p> <p>Explain how special interest groups and lobbyists affect legislation</p>
	Structure: Executive and Judicial	<p>Describe the structure and responsibilities of the executive branch of state government</p> <p>Summarize the duties and powers of the governor and other offices of the executive branch</p> <p>Describe the structure and duties of the state judicial branch</p>
	State Finance: Spending and Taxing	<p>Summarize the spending needs for a state</p>
	State Finance: Taxing and Borrowing	<p>Name the major sources of states' funds</p> <p>Describe common types of state taxes</p>
	Essay-Christian/Government	<p>Relate how a state may owe debt</p> <p>Write an essay responding to a Bible verse regarding a citizen's responsibilities to his government</p>
	Politics: Political Parties	<p>Identify the major political parties throughout U.S. history and the persons associated with them</p> <p>Summarize how political parties are organized and how they operate</p>
	Politics: Viewpoints and Power	<p>Explain the two major viewpoints found in both state and federal politics</p> <p>Discuss the forces and groups associated with political power in the U.S.</p>

Unit	Lesson Title	Lesson Objectives
10 SOCIAL SCIENCES REVIEW		
	Meaning of History/ Historical Method	Review the meaning of history
	Geography of the Earth	Review the historical method Review types of geography Review the geography of the earth Review types of relief
	Geography and Early History of the U.S.	Review the geography and regions of the United States
	Anthropology	Review the discipline of anthropology, its divisions, and its methods
	Sociology	Review the discipline of sociology and what it tells us about groups and their influences
	The Nature of Man	Review both the unity and diversity of man
	The Culture of Man	Review the major aspects of man's culture
	Cultural Groups of the United States	Review Native American, Eskimo, and Hawaiian cultural groups
	Immigrants and Social Change	Review the immigrant groups that have come to the U.S. Review social changes in the U.S.
	The Discipline of Economics	Review the discipline of economics
	The Discipline of Political Science	Review the major influences on political science from ancient to modern times
	The State	Review the economics, governments, and politics of the states

History and Geography 800

Unit	Lesson Title	Lesson Objectives
1 EUROPEAN BACKGROUNDS		
	Civilization Awakens From Darkness	Identify the two events that sparked trade in Europe
	Exploration Catches Fire	Trace the influence of trade on the growth of Europe and exploration Demonstrate the influence of Prince Henry to European exploration
	Spain Launches Forth The East Meets the West	Describe the reasons for Columbus' voyages List the economic, social, and political results of Columbus' four voyages
	Spain's Treasure Hunt	Summarize the significant explorers and discoveries that resulted in establishing the Spanish empire
	Spain's Rivals: English and Dutch Efforts	Identify the importance of John Cabot and Francis Drake to English exploration
	The Dutch Claim New Land	List the significant contributions of Henry Hudson to Dutch exploration
	French Trading Interests	Describe the significant contributions of Cartier, Champlain, and Marquette and Joliet to French exploration
	Report-New World Explorers	Write a report on the exploration and colonization of America
2 THE COLONIZATION OF AMERICA		
	Competition for Colonial Control	Identify the reasons for Spanish exploration and colonization of North America
	New France's Southward Expansion	Identify the reasons for French exploration and colonization of North America
	English Face Unknown Horizons	Illustrate the significant contributions of John Smith and Sir Walter Raleigh to the English colonization of North America
	Dutch Trading Interests	Identify the reasons for the successful Dutch colonization of North America
	British Colonies: Jamestown	Explain the factors for the successful establishment of the Jamestown Colony
	New England Colonies	List the main founders of the New England Colonies
	Middle and Southern Colonies	Identify the political, economic, and social reasons for the establishment of the Middle and Southern Colonies
	Colonial Governments	Explain the reasons for the growth of self-government in the colonies
	Report-Original Thirteen Colonies	Write a report on one of the thirteen original colonies of your choice
	Development of Colonial Lifestyles	Illustrate the factors for the economic growth and development of the New England Colonies
	Life in a Puritan Community	Describe the main characteristics of the Puritan lifestyle
	Middle Bread Colonies	Describe the main characteristics of the Middle Colonies lifestyle
	Mid-Atlantic Lifestyles	Describe the main characteristics of the Mid-Atlantic Colonies lifestyle
	Southern Plantations	List the geographical advantages of Southern farming
	Plantation Living	List the main features of plantation living

Unit	Lesson Title	Lesson Objectives
3 WAR FOR INDEPENDENCE		
	England's Colonial Politics	List the main reasons for the British settlement of the Ohio Valley
	Discontent of the Indians British Economy	List the main causes and effects of the French and Indian War Describe the causes and effects of mercantilism on the colonies
	Acts of Dismay	Identify the main purpose and effect of the Acts of Parliament upon the colonies
	Colonial Resistance	List the results of the Boston Tea Party and Boston Massacre upon the colonies
	Continental Congress	Contrast the differences between the First and Second Continental Congress
	Battles Which Led to War	List the effects of the major battles leading to the Revolutionary War
	Declaration of Independence	Identify the three main sections of the Declaration of Independence
	Progress of the War The Turning Point	List the results of the battles of New York and Trenton Identify the importance of the battles of Saratoga and Valley Forge during the Revolutionary War
	Other Campaigns	List the results of the Western and Southern campaign battles of the Revolutionary War
	Yorktown and the Treaty of Paris 1783	Identify the results and importance of Yorktown and the Treaty of Paris to the colonists
	Report-Battle of Saratoga	Write a report on the importance of the Battle of Saratoga
4 THE EMERGENCE OF A NATION		
	Thirteen Colonies Become a Free Nation	List the reasons for writing the Declaration of Independence
	Report-Americans Working for Rights Today	Write a report identifying groups working in the area of human rights
	The Second Continental Congress	Identify the important accomplishments of the Second Continental Congress
	Establishing a Government Report-The Articles of Confederation	Recall the weaknesses of the Articles of Confederation Write a report analyzing the Articles of Confederation
	The Constitutional Convention	Identify the main results of the Great Compromise, the division of powers, and the separation of powers in the Constitution Describe the different opinions over the ratification of the Constitution
	The United States Constitution Report: Declaration of Independence and Constitution	Identify the main purposes for writing the Constitution Write a biographical report on the signers of the Declaration of Independence or the Constitution
	The Growing Nation Formation of Political Parties	Identify the members of the first Cabinet Recognize the differences between the Federalist Party and the Democratic-Republican Party
	The Nation Suffers Growing Pains Americans Move Westward	List the objections to the purchase of the Louisiana Territory Identify the three stages of westward movement

Unit	Lesson Title	Lesson Objectives
5 THE WESTWARD MOVEMENT		
	Industrial Revolution in the North	Recall the significant inventor and invention
	Improved Transportation Systems	List the different forms of transportation systems
	Erie Canal and Railroads	Recognize how the Erie Canal affected life in the United States
	Improved Communication Systems	Identify two factors that improved communication
	The Effect of the Industrial Revolution in the South	List three ways the cotton gin affected the South
	Report-American Inventors	Write a biographical report on an inventor of your choice
	Development of Sectional Rivalries	List the sectional differences between the North, South, and West
	Missouri Compromise and the Election of 1824	Identify the terms of the Missouri Compromise
	The Jacksonian Presidency	Describe the influence of sectionalism on the election of 1824
	Jacksonian Policies	Identify the main characteristics of the Jacksonian presidency
		Analyze the impact of Andrew Jackson's Indian policies, economic policies, and political policies on America
	Development of Western Lands	Identify the main reasons for Manifest Destiny
	Texas Revolt	List the reasons for the settlement of Texas
	The Oregon Question	List the reasons for the United States' claim to the Oregon Territory
	Mexican War	Identify the reasons for the Mexican War
		Recognize the impact of the Mexican War on the United States
	California Gold Rush	Identify the impact of the gold rush on the United States
6 THE CIVIL WAR		
	Causes of the Civil War	Identify the political, social, and economic positions of the North, South, and Western sections of the United States prior to the Civil War
		Describe the position of the North and South on the issue of states' rights
	The Institution of Slavery	List the reasons for the growth of slavery in the United States
	Slavery Becomes an Issue	Identify the leaders of the abolitionist movement
		List four impacts of the Compromise of 1850
	Continued Problems with Slavery	Describe the impact of the Kansas-Nebraska Act and Bleeding Kansas on the slavery issue
		Identify the impact of the Dred Scott Decision, Lecompton Fraud, and Lincoln-Douglas Debates on the slavery issue
		Identify the impact of John Brown's Raid on the slavery issue
	Events Leading to Secession and War	Identify the presidential candidates in the election of 1860
		List the main attempts to prevent secession of the Southern states
	Essay-Causes of the Civil War	Write an essay analyzing the causes of the Civil War
	Preparation for War; The First Battle	Identify the resources and battle strategies of the North and South during the Civil War
	War Develops in the West	Summarize the North's battle strategy in the West
	Gettysburg and Vicksburg	Summarize the significant outcomes of the battles of Gettysburg and Vicksburg
	The Last Campaigns	Identify Grant's battle strategy at the end of the Civil War
	The Emancipation Proclamation	List the main reasons for the Emancipation Proclamation
		Summarize the effects of the Civil War
	Report-Civil War Report	Write a report on a significant Civil War individual or event of your choice

Unit	Lesson Title	Lesson Objectives
6 THE CIVIL WAR - cont.		
	Reconstruction	List the main points of Lincoln's Ten Percent Reconstruction Plan
	Johnson Versus Republican Radicals	Summarize the main differences between the Reconstruction plan of President Johnson and the Republican Radicals State the importance of the Fifteenth Amendment
	Radical Reconstruction	Summarize how the carpetbag governments hindered the South
	Report-Reconstruction and Its Effects	Write a report analyzing the effects of Reconstruction on the political, social, and economic life of the nation

7 THE INDUSTRIAL NATION		
	European Background of Industry	Identify the main issues that led to the Industrial Revolution in Europe
	Beginnings of Industry in England	Identify the major inventions that influenced the growth of England's factories
	Industry in the Colonies	Identify two main factors for industrial growth in the United States
	Industry in the New Nation	List the inventions that influenced the Agricultural Revolution in the United States
	Early Industry in the United States	Describe the effects of transportation, communication, and production on the growth of industry
	War's Contribution to Industry	Identify three effects that war had on United States industry
	Later Industrial Achievements	Recognize three advantages of mass production
	Further Achievements: Power, Transportation, and Communication	Identify the significant inventors and inventions in power, transportation, and communication
	Report-Inventors and Inventions	Write a report analyzing an inventor of your choice with the impact of the invention on the United States and daily life
	Influence of Industry: Growth of Corporations	List the advantages of corporations to the United States
	Labor Practices: The Advent of Unions	List the main reasons for the development of unions
	Essay-Workers and Employers	Write an essay discussing the employee-employer work relationship
	Crisis of the Individual	Identify the positive and negative effects of the machine age
	Essay-Achievements of the Industrial Revolution	Write a report analyzing an Industrial Revolution achievement of your choice

8 TWENTIETH CENTURY WORLD POWER		
	Overseas Expansion	Identify the reasons for the Monroe Doctrine
	Spanish-American War	List the causes and effects of the Spanish-American War
	World Awareness	List the reasons for the United States' intervention in the Western Hemisphere
	Panama Canal	Identify the factors that increased U.S. involvement in world affairs
	Causes of the First World War	Recognize the results of nationalism in Europe
	Military Movements	Summarize the advantages and disadvantages of nationalism and military preparedness
	War on the Continent	Identify three actions of Germany that produced pre-war tensions in Europe
	Cost of Conflict	Illustrate how America assisted the Allies in World War I
	Search for Peace	Identify the reasons why the United States rejected the League of Nations

Unit	Lesson Title	Lesson Objectives
8 TWENTIETH CENTURY WORLD POWER - cont.		
	Regaining Normalcy	List the political, social, and economic changes in the United States following World War I
	A Deceptive Prosperity	Summarize the weaknesses in the American economy prior to the Great Depression
	Gradual Recovery	List the program and its purpose for ending the Great Depression
	Report-Presidents and World War I	Write a report analyzing a President or issue of your choice related to American involvement in World War I

9 THE UNITED STATES IN A CHANGING WORLD		
	Between the Wars: A Quest for Neutrality	Identify the reasons for America's policy of isolationism after World War I
	Failure of the League of Nations	List the reasons why the United States did not support the League of Nations Identify the political and military reactions of European nations following World War I
	Changes in Political Structures	List the reasons for the rise of dictatorships in Italy, Germany, and Russia after WW I Differentiate between the policies of the isolationists and the interventionists in the U.S.
	War in Europe and Africa	Summarize the outcome of the Spanish Civil War and Axis aggression Identify the results of the policy of appeasement towards Germany
	Allied Participation	Summarize the impact of the Battle of Britain
	War in Asia	Identify the steps taken by Japan to become a military power in Asia
	Allied Victory	Identify the different ways the United States mobilized for war after Pearl Harbor List the Allied victories in Europe and Asia
	Allied Military Occupation	Identify the goals of the Allied occupation of Japan
	United Nations	List the main purposes of the United Nations according to the Charter Preamble
	Cold War in Europe	Identify the phases of the Cold War in Europe
	Hot War in Asia	Identify the causes and effects of the Korean War
	Trouble Spots Around the World	Describe the relationship between the U.S. and Cuba during the Cold War
	Africa	List the independent nations of Africa
	Vietnam	Describe the policies followed by the United States during the Vietnam War
	Challenges Today: Technology	Indicate the positive and negative consequences of technology
	Challenges Today: Society	Identify the reasons for the growth of cities and Civil Rights in the United States
	Challenges Today: Governments	Name the two territories to be added as States Identify three assassinated leaders in the 1960s List the main terrorist attacks against the United States since the 1970s
	Challenges Today: Religion	Distinguish the difference between Christian Activism and the Charismatic and Ecumenical Movements

Unit	Lesson Title	Lesson Objectives
10 AMERICAN HISTORY REVIEW		
	America's European Background American Colonization	Identify the three main reasons for the settlement of America Summarize the French, Spanish, Dutch, and English reasons for developing permanent settlements
	American Revolution Establishment of Government The Growth of the United States	Summarize the causes of the American Revolution Analyze the causes and effects of sectional differences Summarize the effects of the Bill of Rights Distinguish the difference between the Federalist and Democratic-Republican Parties Identify the effects of the Industrial Revolution on the growth of America
	Development of Sectional Rivalries	Illustrate the differences between the North, South, and West leading to sectional rivalries
	Settlement of Western Lands	Identify the reasons for the settlement of Texas, Oregon, and California
	Civil War and Reconstruction	Analyze the social, political, and economic causes of the Civil War
	A Changing Nation	List the benefits of corporations and labor unions during the Industrial Revolution
	The United States as a World Power	Review the effects of the Monroe Doctrine and Panama Canal in ending America's noninvolvement policy
	World War I	Review the causes and effects of World War I
	Normalcy and Depression	Identify the causes of the Great Depression
	World War II	List the reasons for the United States entering WWII in Europe and Asia
	The United Nations and the Cold War	Identify four major events of the Cold War

World Geography

Unit	Lesson Title	Lesson Objectives
1 INTRODUCTION TO GEOGRAPHY		
	What Is Geography?	Identify the earth's significant physical characteristics. Evaluate how these physical features affect people. Analyze the geographic factors that affect your life. Consider strategies that you can use to simplify the study of the earth.
	Project: Note It!	Read the lessons in the unit. Determine what information is most important. Develop a set of organized notes that captures the important points presented in the unit.
	Geographic Tools: Globes and Maps	Read and interpret maps. Select the appropriate geographic tool for a specific purpose
	Geographic Tools: Graphs, Charts, and More	Read and create graphs that illustrate geographic concepts. Read and create charts that illustrate geographic concepts. Describe the uses of geographic technologies. Identify the resources to use to locate geographic information.
	Geographic Themes: Location and Place	Describe two themes of geography—location and place. Identify examples of each geographic theme. Classify geography concepts according to their themes.
	Geographic Themes: Human-Environmental Interaction and Movement	Describe the themes of geography—human/environmental interaction and movement. Identify examples of each geographic theme. Classify geography concepts according to their themes.
	Geographic Themes: Regions	Describe the geographic theme of region. Identify examples of this geographic theme. Classify geography concepts according to regions.
	Project: Summarize It!	Select and read a news article with a geographic theme. Cross out the information that is not essential to the article's main idea. Write a summary of the article.
	Physical Characteristics	Describe the earth's layers. Explain the difference between renewable and nonrenewable resources. Describe the ways in which climate affects people, plants, and animals.
	Physical Processes: The Atmosphere and the Hydrosphere	Describe the earth's major physical features. Analyze how physical processes change areas. Describe how physical processes affect human activities. Evaluate the effects of human activities on the earth's physical processes.
	Physical Processes: The Lithosphere and the Biosphere	Analyze how physical processes change areas. Describe how physical processes impact human activities. Evaluate the effects of human activities on the earth's physical processes. Illustrate the physical processes involved in volcanic eruptions. Illustrate the physical processes involved in earthquakes.
	Ecosystems	Describe the characteristics of the world's ecosystems. Explain the outcomes of human and physical modifications to the ecosystem.
	Project: Map It!	Read news articles with a geographic focus. Determine the location that is being covered. Plot the locations covered in the articles on the map below.

Unit	Lesson Title	Lesson Objectives
1 INTRODUCTION TO GEOGRAPHY - cont.		
	Review	Consider strategies that you can use to simplify the study of the earth. List and describe each of the five themes of geography. Describe the earth's major physical features. Analyze how physical processes change areas and impact human activities. Describe the characteristics of the world's ecosystems. Explain the outcomes of human and physical modifications to the earth's ecosystems. Describe the characteristics of formal, functional, and perceptual regions.
2 - HUMAN GEOGRAPHY		
	Where People Live	Identify and describe the factors that influence population growth. Explain how population increases affect the environment and the world's resources. Describe the effects technological advances have had on the environment.
	Settlement and Movement	Evaluate the characteristics that make places desirable for settlement. Describe the factors that cause people to migrate. Explain the impact of human migration on physical and human systems. Compare the settlement characteristics of developing and developed nations.
	Cultural Mosaics	Explain the influence of culture on regional characteristics and policies. Describe how political and economic alliances affect the cohesiveness of cultural regions. Analyze how cultural mosaics influence instances of conflict and cooperation. Identify the role of technology (transportation/communication) in cultural convergence and divergence.
	Economics	Explain the relationship between population and economics. Describe how the presence of business or industry affects places. Compare the world's economic systems.
	Conflict and Cooperation	Describe culture's role in instances of cooperation and conflict. Analyze culture's role in boundary disputes. Explain how conflict and cooperation affect social, political, and economic systems.
	Humans and Their Environment—Part 1	Explain the limits placed on human activities by the environment. Discuss how human activities have changed the environment. Explain the concept of sustainable development.
	Humans and Their Environment—Part 2	Describe the key issues related to the use and recycling of resources. Describe the key issues related to the pollution of the world's air, land, and water.
	Historical Perspectives	Explain the role that geography plays in historic events. Describe the ways in which the movement of people and ideas have influenced history.
	Looking Ahead	Describe how and where practices of sustainable development can be used to protect the earth's resources. Discuss the need to consider multiple points of view when policies are created to manage the use of the earth's resources.
	Project: Analyze It!	List the resource or resources being used to heat homes in your area. Explain what power companies in your area are doing to reduce dependence on nonrenewable energy sources. Discuss whether or not power companies in your area are doing enough to reduce our dependence on nonrenewable energy sources.

Unit	Lesson Title	Lesson Objectives
2 - HUMAN GEOGRAPHY - cont.		
	Review	Identify and describe the factors that influence population growth. Explain the relationship between population and the environment. Compare the world's economic systems. Explain the role culture plays in instances of conflict and cooperation. Describe the key issues related to the pollution of the world's air, land, and water. Discuss the role that geography plays in historic events. Explain the concept of sustainable development.
3 - NORTH AMERICA		
	North America in Spatial Terms	Use maps and globes to analyze and interpret the geography of North America. Locate the major countries, landforms, and water systems of North America.
	The United States: The Northeast and the South	Locate and plot the Northeast and South regions of the United States on a map. Identify and describe the major physical features of the Northeast and South regions. Discuss the significance of the physical features of the Northeast and South regions.
	The United States: The Midwest and the West	Locate and plot the Midwest and West regions of the United States on a map. Identify and describe the major physical features of the Midwest and West regions. Discuss the significance of the physical features of the Midwest and West regions.
	Canada and Greenland	Locate and plot the location of Canada on a world map. Locate and plot the location of Greenland on the world map. Identify and describe the major physical features of Canada and Greenland. Discuss the significance of the physical features of Canada and Greenland.
	Mexico	Locate and plot the location of Mexico on a world map. Identify and describe the major physical features of Mexico. Discuss the significance of the physical features of Mexico.
	Settlement and Movement	Explain the reasons groups immigrated to North America. Describe the changes that occurred when newcomers came to North America.
	Culture	Identify the major cultural characteristics in Greenland, Canada, the U.S., and Mexico. Describe multiculturalism and biculturalism. Discuss whether the U.S. culture today represents a melting pot or a multicultural society.
	Economics and Politics	Describe the economic characteristics of Greenland, Canada, the U.S., and Mexico. Describe the political structure of Greenland, Canada, the U.S., and Mexico. Explain the importance of international alliances. Explain the benefits of NAFTA, NATO, and the OAS.
	Environment and Society	Discuss the ways in which people's activities affect the environment. Describe policy decisions that have been implemented to protect the environment.
	Historical Perspectives	Explain the ways in which geography has affected the history of North America.
	Looking Ahead	Identify the environmental issues that need to be addressed. Describe actions and policies that can be used to protect the environment. Explain the effects of these actions and policies.

Unit	Lesson Title	Lesson Objectives
3 - NORTH AMERICA - cont.		
	Project: Analyze It!	Describe the history of the U.S. National Park system. List five parks and their locations. Research one park and determine how tourism has affected it.
	Review	Locate and map the locations of Greenland, Canada, the U.S., and Mexico. Describe the physical geography of the countries of North America. Describe the human geography of the countries of North America. Explain the role geography has played in North America's history. Discuss the environmental concerns facing North America.
4 - CENTRAL AMERICA, SOUTH AMERICA, AND THE CARIBBEAN		
	Central America	Use maps and globes to analyze and interpret the geography of Central America. Locate the major countries, landforms, and water systems of Central America. Describe the physical geography of Central America.
	South America	Use maps and globes to analyze and interpret the geography of South America. Locate the major countries, landforms, and water systems of South America. Describe the physical geography of South America.
	The Caribbean	Use maps and globes to analyze and interpret the geography of the Caribbean. Locate the major island groups and countries of the Caribbean. Describe the physical geography of the Caribbean.
	Settlement and Movement	Discuss the settlement patterns of South America, Central America, and the Caribbean. Describe the factors that cause people to come to and leave this region. Explain why the people in this region live where they do
	Culture	Describe the major cultural characteristics in Central America, South America, and the Caribbean.
	Economics and Politics	Describe the economic characteristics of Central America, South America, and the Caribbean. Describe the political structure of Central America, South America, and the Caribbean. Explain the importance of international alliances in the region.
	Environment and Society	Discuss the ways that people's activities affect the environment. Describe policy decisions that have been implemented to protect the environment in this region.
	Historical Perspectives	Explain the ways in which geography has affected the history of Central America, South America, and the Caribbean.
	Project: Consider It!	Discuss how policies and actions of Cuba affect and are influenced by those of other nations.
	Looking Ahead	Identify the environmental issues that need to be addressed in the region. Describe actions and policies that can be used to protect the environment. Explain the effects of these actions and policies.

Unit	Lesson Title	Lesson Objectives
4 - CENTRAL AMERICA, SOUTH AMERICA, AND THE CARIBBEAN - cont.		
	Review	Locate and map the regions of Central America, South America, and the Caribbean. Describe the physical geography of Central America, South America, and the Caribbean. Describe the human geography of Central America, South America, and the Caribbean. Explain the role geography has played in the history of Central America, South America, and the Caribbean. Discuss the environmental concerns facing Central America, South America, and the Caribbean. Describe possible solutions to the environmental issues affecting Central America, South America, and the Caribbean.
5 - OCEANIA, AUSTRALASIA, AND ANTARCTICA		
	Oceania, Australasia, and Antarctica in Spatial Terms	Use a globe and maps to analyze and interpret the geography of Oceania, Australasia, and Antarctica. Locate the major countries, landforms, and water systems of Oceania, Australasia, and Antarctica.
	Micronesia, Melanesia, and Polynesia	Use a globe and maps to analyze and interpret the geography of Micronesia, Melanesia, and Polynesia. Locate the major countries and landforms of Micronesia, Melanesia, and Polynesia.
	Australia and New Zealand	Use a globe and maps to analyze and interpret the geography of Australia and New Zealand. Locate the major waterways and landforms of New Zealand and Australia.
	Antarctica	Use a globe and maps to analyze and interpret the geography of Antarctica. Locate the major waterways and landforms of Antarctica.
	Settlement and Movement	Recognize the migration patterns of early seafaring explorers in the South Pacific. Describe how different cultures developed from these travelers.
	Culture	Identify the major cultural characteristics in Micronesia, Melanesia, Polynesia, New Zealand, and Australia. Demonstrate an understanding of the reasons for cultural conflict and its outcome.
	Economics and Politics	Describe the economic characteristics of Oceania, Australasia, and Antarctica. Describe the political structure of Oceania, Australasia, and Antarctica. Explain the importance of international alliances in the region.
	Environment and Society	Discuss the ways that people's activities affect the environment. Describe policy decisions that have been implemented to protect the environment in this region.
	Historical Perspectives	Explain the ways in which geography has affected the history of Oceania, Australasia, and Antarctica.
	Looking Ahead	Identify the environmental issues that need to be addressed in the region. Describe actions and policies that are being used to protect the environment. Explain the effects of these actions and policies.
	Project: Analyze It!	Research credible positions for and against global warming. Write a short essay briefly outlining each perspective.

Unit	Lesson Title	Lesson Objectives
5 - OCEANIA, AUSTRALASIA, AND ANTARCTICA - cont.		
	Review	Locate and map the major nations of Oceania, Oceania, Australasia, and Antarctica. Describe the physical and human geography of Oceania, Australasia, and Antarctica. Explain the role geography has played in the history of Oceania, Australasia, and Antarctica. Discuss the environmental concerns facing Oceania, Australasia, and Antarctica and their possible solutions.
6 - SEMESTER REVIEW AND EXAM		
	Review	Review and reinforce world geography concepts from Units 1–5 in preparation for the semester exam.
7 - WESTERN EUROPE		
	Northern Region	Use maps and globes to analyze and interpret the geography of Northern Europe. Locate the major countries, landforms, and water systems of Northern Europe. Describe the physical geography of Northern Europe.
	Western Central Region	Use maps and globes to analyze and interpret the geography of Western Central Europe. Locate the major countries, landforms, and water systems of Western Central Europe. Describe the physical geography of Western Central Europe.
	Southern Region	Use maps and globes to analyze and interpret the geography of Southern Europe. Locate the major countries, landforms, and water systems of Southern Europe. Describe the physical geography of Southern Europe.
	Settlement and Movement	Discuss the settlement patterns of Western Europe. Describe the factors that cause people to come to Western Europe. Explain why the people in this region live where they do. Use population maps, charts, and graphs to interpret geographic information
	Culture	Describe the major cultural characteristics in Europe.
	Economics and Politics	Analyze factors that lead to Western European economic and political dominance. Describe how the European Union affects politics and economics in Europe. Explain Western European colonialism and imperialism. Discuss NATO's role in Europe.
	Project: Chart It!	Explain how Western Europe's physical geography affects its climate, settlement patterns, culture, and economy.
	Environment and Society	Discuss the ways that people's activities affect the environment. Describe policy decisions that have been implemented to protect the environment in this region.
	Historical Perspectives	Explain the ways that geography has affected European history.
	Looking Ahead	Identify the environmental issues that need to be addressed in the region. Describe actions and policies that are being used to protect the environment. Explain the effects of these actions and policies.
	Review	Locate and map the major nations of Western Europe. Describe Europe's physical geography. Describe Europe's human geography. Explain the role geography has played in the history of Western Europe. Discuss the environmental concerns facing Western Europe. Describe possible solutions to the environmental issues affecting Western Europe.

Unit	Lesson Title	Lesson Objectives
8 - EASTERN EUROPE AND RUSSIA		
	Central Region	Use maps and globes to analyze and interpret the geography of the central region of Eastern Europe. Locate the major countries, landforms, and water systems of the central region of Eastern Europe. Describe the physical geography of the central region of Eastern Europe.
	Balkan Region	Use maps and globes to analyze and interpret the geography of the Balkans. Locate the major countries, landforms, and water systems of the Balkans. Describe the physical geography of the Balkans.
	Eastern Region	Use maps and globes to analyze and interpret the geography of Eastern Europe and Russia. Locate the major landforms and water systems of Eastern Europe and Russia. Describe the physical geography of Eastern Europe and Russia.
	Settlement and Movement	Discuss the settlement patterns of Eastern Europe. Describe the factors that influence Eastern European migration. Explain why the people in this region live where they do. Use population maps, charts, and graphs to interpret geographic information.
	Culture	Describe the major cultural characteristics of Eastern Europe.
	Economics and Politics	Describe the major economic and political characteristics of Eastern Europe.
	Environment and Society	Discuss the ways in which people's activities affect the environment. Describe policy decisions that have been developed to protect the environment in this region.
	Historical Perspectives	Explain the relationship between geography and history in Eastern Europe.
	Looking Ahead	Identify the environmental issues that need to be addressed in the region. Describe actions and policies that are being used to protect the environment. Explain the effects of these actions and policies.
	Project: Report It!	Describe how the breakup of the Soviet Union affected the region and the world.
	Review	Locate and map the major the nations of Eastern Europe. Describe Eastern Europe's physical geography. Describe Eastern Europe's human geography. Explain the role geography has played in the history of Eastern Europe. Discuss the environmental concerns facing Eastern Europe. Describe possible solutions to the environmental issues affecting Eastern Europe.

Unit	Lesson Title	Lesson Objectives
9 - SUB-SAHARAN AFRICA		
	Sub-Saharan Africa in Spatial Terms	Use maps and globes to analyze and interpret the geography of Sub-Saharan Africa. Locate the major countries, landforms, and water systems of Sub-Saharan Africa. Describe the physical geography of the central region of Sub-Saharan Africa.
	West and Central Africa	Use maps and globes to analyze and interpret the geography of West and Central Africa. Locate the major countries, landforms, and water systems of West and Central Africa. Describe the physical geography of the central region of West and Central Africa. Discuss the interrelationship between West and Central Africa's physical systems and people's activities.
	East and Southern Africa	Use maps and globes to analyze and interpret the geography the East and Southern Africa. Locate the major countries, landforms, and water systems of East and Southern Africa. Describe the physical geography of the central region of East and Southern Africa. Discuss the interrelationship between East and Southern Africa's physical systems and people's activities.
	Settlement and Movement	Discuss the settlement patterns of Sub-Saharan Africa. Describe the factors that influence Sub-Saharan Africa migration. Explain why the people in this region live where they do. Use population maps, charts, and graphs to interpret geographic information.
	Culture	Describe the major cultural characteristics of Sub-Saharan Africa.
	Economics and Politics	Describe the major economic and political characteristics of Sub-Saharan Africa. Explain the political and economic impact of colonization on the region. Trace the historic development of the region's political and economic systems.
	Environment and Society	Discuss the ways in which people's activities affect the environment. Describe policy decisions that have been developed to protect the environment in this region.
	Historical Perspectives	Explain the relationship between geography and history in Sub-Saharan Africa. Describe the effects of colonization on Sub-Saharan Africa's politics, economics, and culture.
	Looking Ahead	Identify the political, economic, environmental, and social issues that need to be addressed in the region. Describe actions and policies that are being used to address these issues.
	Project: Solve It!	Identify a problem Sub-Saharan Africa will face in the future. Analyze potential solutions to that problem. Select the best possible solution to the problem.
	Review	Locate and map the major the nations of Sub-Saharan Africa. Describe Sub-Saharan Africa's physical geography. Describe Sub-Saharan Africa's human geography. Explain the role geography has played in the history of Sub-Saharan Africa. Discuss the environmental concerns facing Sub-Saharan Africa. Describe possible solutions to the political, economic, and environmental issues affecting Sub-Saharan Africa.

Unit	Lesson Title	Lesson Objectives
10 - NORTH AFRICA AND SOUTHWEST ASIA		
	North Africa	Use maps and globes to analyze and interpret the geography of North Africa. Locate the major countries, landforms, and water systems of North Africa. Describe the physical geography of North Africa.
	Southwest Asia: The Middle East	Use maps and globes to analyze and interpret the geography of Southwest Asia. Locate the major countries, landforms, and water systems of Southwest Asia. Describe the physical geography of Southwest Asia.
	Southwest Asia: The Arabian Peninsula	Use maps and globes to analyze and interpret the geography of Southwest Asia. Locate the major countries, landforms, and water systems of Southwest Asia. Describe the physical geography of Southwest Asia.
	Settlement and Movement	Discuss the settlement patterns of Southwest Asia and North Africa. Describe the factors that cause people to come to Southwest Asia and North Africa. Explain why the people in this region live where they do. Use population maps, charts, and graphs to interpret geographic information.
	Culture	Describe the major cultural characteristics of North Africa and Southwest Asia.
	Economics and Politics	Describe the major political and economic characteristics of Southwest Asia and North Africa.
	Environment and Society	Discuss the ways in which people's activities affect the environment. Describe policy decisions that have been implemented to protect the environment in this region.
	Historical Perspectives	Ascribe the importance of food and water in the growth of civilizations. Appraise the importance of religion in regional conflicts and cooperation. Analyze the role of other natural resources in regional conflicts and cooperation.
	Looking Ahead	Identify the political, economic, environmental, and social issues that need to be addressed in the region. Describe actions and policies that are being used to address these issues.
	Project: Evaluate It!	Conduct a cost-benefit analysis of the Aswan Dam. Evaluate the pros and cons of this geographic modification.
	Review	Locate and map the major nations of North Africa and Southwest Asia. Describe North Africa and Southwest Asia's physical geography. Describe North Africa and Southwest Asia's human geography. Explain the role geography has played in the history of North Africa and Southwest Asia. Discuss the environmental concerns facing North Africa and Southwest Asia. Describe possible solutions to the environmental issues affecting North Africa and Southwest Asia.

Unit	Lesson Title	Lesson Objectives
11 - CENTRAL, SOUTH, EAST, and SOUTHEAST ASIA		
	Central Asia	Locate the major countries and landforms of Central Asia. Describe the economic characteristics of Central Asia. Discuss the ways in which people's activities affect the environment.
	South Asia	Use a globe and maps to analyze and interpret the geography of South Asia. Locate the major waterways and landforms of South Asia.
	East Asia	Use a globe and maps to analyze and interpret the geography of East Asia. Locate the major waterways and landforms of East Asia.
	Southeast Asia	Use a globe and maps to analyze and interpret the geography of Southeast Asia. Locate the major waterways and landforms of Southeast Asia.
	Historical Perspectives: South and Southeast Asia	Outline a brief history of several South and Southeast Asian countries. Explain the ways in which geography has affected the history of South and Southeast Asia.
	Historical Perspectives: East Asia	Outline a brief history of several East Asian countries. Explain the ways in which geography has affected the history of East Asia.
	Culture	Describe the major cultural characteristics in South, Southeast, and East Asia.
	Economics and Politics	Describe the economic characteristics of major South and East Asian countries. Describe the political structure of South, East, and Southeast Asian countries. Explain the importance of international alliances in the region.
	Environment: South and Southeast Asia	Describe the environmental issues facing South and Southeast Asia. Know what governments are doing to address environmental issues facing their citizens.
	Environment: East Asia	Discuss the ways in which people's activities affect the environment. Describe policy decisions that have been implemented to protect the environment in this region.
	Project: Analyze It!	Analyze the effects of environment on the health of people.
	Review	Locate and map the major nations of Asia. Describe the physical and human geography of Asia. Explain the role geography has played in the history of Asia. Discuss the environmental concerns facing Asian countries and their possible solutions.

12 - SEMESTER REVIEW AND EXAM		
	Review	Review and reinforce world geography concepts from Units 7–11 in preparation for the semester exam.

World History

Unit	Lesson Title	Lesson Objectives
1 ANCIENT CIVILIZATIONS I		
	Elements of Civilization	Contrast elements of primitive and advanced societies.
	Origin of Man	Explain the differences between the major views of man's origin.
	Fall of Man and Flood From God	Identify the results of the Fall of man. Compare various accounts of the Flood. Identify the results of the Flood.
	Origin of Civilization	Recognize the geographic location of Mesopotamia. Identify differing views about the dates of early civilization. Recognize the origins of different languages.
	Origin of Nations	Discuss the connection between early nations and the families of Noah's sons, Ham, Shem, and Japheth. Trace the growth of nations up to the call of Abraham.
	Early Egyptian Geography and History	Recognize the role of geography in the development of ancient Egypt. Identify significant rulers of the Old and Middle Kingdoms of ancient Egypt. Identify cultural features of the Old and Middle Kingdoms of ancient Egypt. Identify two characteristics of the Hyksos.
	Early Egyptian Empire	Identify significant rulers and cultural features of the New Kingdom of ancient Egypt. Show the relationship between ancient Egypt and the Exodus of Israel.
	Early Egyptian Civilization	Identify cultural features of ancient Egypt: economy, government, language, and religion. Describe the societal divisions and roles in early Egyptian civilization.
	Babylonian and Assyrian Civilization	Summarize the contributions of the Babylonian civilization. Identify Hammurabi and summarize his contributions to law and government. Recognize the geographic features of ancient Assyria.
	Assyrian History	Identify significant rulers of ancient Assyria. Identify key events in the military and political history of ancient Assyria.
	Neo-Babylonian Empire	Identify significant rulers of Babylonia. Identify key events in the military and political history of Babylonia. Show the relationship between Babylonia and the Hebrew people.
	Persian Civilization	Discuss the role of religion in Babylonian culture. Identify significant rulers of Persia. Identify key events in the military and political history of Persia. Compare and contrast cultures of ancient Persia, Assyria, and Babylonia.

Unit	Lesson Title	Lesson Objectives
2 ANCIENT CIVILIZATIONS II		
	The Eastern World: India	Recognize the geographic features of early India. Identify key events in the history of early India. Identify cultural features of early India, especially language and religion.
	The Eastern World: China	Identify significant dynasties and leaders of ancient China. Identify cultural features of ancient China, especially religion and philosophy.
	Greece: Geography and History	Recognize the geographic features of early Greece. Recognize the role of Homeric legend in the history of early Greece.
	Greece: Dark Ages	Explain early Greek growth and colonization throughout the Mediterranean. Describe the government structure and processes of early Greece.
	Greece: 550-405 B.C.	Summarize the contributions of the early Greek civilization. Summarize the causes, events, and effects of the Persian War. Summarize the causes, events, and effects of the Peloponnesian War.
	Greece: 359-31 B.C.	Identify key events in the military and political history of Philip of Macedonia. Identify key events in the military and political history of Alexander the Great.
	Greece: Culture	Identify key elements of Greek culture, including language, literature, philosophy, art, architecture, and religion.
	Rome: Pre-Republic and Republic	Identify key events and leaders of each of the first two divisions of Roman history: Pre-Republic and Republic.
	Rome: The Empire	Identify key elements of early Roman architecture and engineering.
	Rome: Decline of the Empire	Identify significant people of first century Rome. Identify key events and leaders of the Roman Empire. Identify major conditions that led to the decline of the Roman Empire
	Christianity and the Roman Empire	Identify influences of Roman culture in our own culture today Identify key events of the first century Christian church.
	Report: The Rise of Christianity	Identify major leaders and events of the early Christian church Compare the conditions in the Roman Empire that allowed Christianity to grow while the Empire itself declined.

Unit	Lesson Title	Lesson Objectives
3 THE MEDIEVAL WORLD		
	The Middle Ages: An Introduction	Explain why dates for the beginning and end of the Middle Ages cannot be clearly established. Distinguish between the various Germanic tribes and kingdoms.
	Early Middle Ages	Recognize the role of the Germanic kingdoms in the decline of the Roman Empire. Identify major leaders of the Christian Church of the early Middle Ages. Identify key leaders and events in the early history of the Islamic religion.
	Transition: The Continent and New Invasions	Identify significant events in the reign of Charlemagne. Recognize the role of the Vikings and Magyars in the decline of the Roman Empire.
	Transition: England, the Church, and the Growth of Islam	Recognize the role of Alfred the Great in early English history. Identify key events in the reign of Basil II. Identify key dates between A.D. 700 and 1000 in both the Christian church and the Islamic empire.
	High Middle Ages: Setting	Identify the major political, economic, and social systems of the High Middle Ages. Identify significant works of cultural significance of the High Middle Ages.
	High Middle Ages: Monarchies and the Church	Identify key political leaders, especially of France and England, during the High Middle Ages. Identify key personalities of the Christian church during the High Middle Ages.
	High Middle Ages: The Byzantine Empire and Other World Powers	Identify three reasons for the decline of the Byzantine empire. Identify the Ottoman Empire, the Mongol Empire, and the early Russian Empire.

Unit	Lesson Title	Lesson Objectives
4 RENAISSANCE AND REFORMATION		
	Renaissance Government: France and England	List four changes that came with the Renaissance. Recognize the role of Joan of Arc in the Hundred Years' War. Identify the major English monarchs in the fourteenth and fifteenth centuries.
	Renaissance Government: Italy and Spain	Identify the five major states of Italy during the Renaissance. List four accomplishments achieved by Ferdinand and Isabella in Spain.
	Developments in Art	List three major styles of medieval architecture. Recognize key Renaissance artists and their works and/or techniques.
	Changes in Literature and Thought	Recognize major changes in literature that developed during the Renaissance. Identify key authors of the Renaissance and their works.
	Advances in Science	Identify key scientists of the Renaissance and their discoveries.
	The Reformation: Wycliffe, Huss, and Luther	List four religious reasons that led to the Reformation. Recognize the roles of John Wycliffe, John Huss, and Martin Luther in the Reformation.
	The Reformation: Zwingli, Grebel, Calvin, and Knox	Recognize the impact of Ulrich Zwingli, Conrad Grebel, John Calvin, and John Knox in the Reformation.
	England: Henry VIII and Edward VI	Recognize the role of Henry VIII and the Tudor line in the Reformation.
	England: Mary I and Elizabeth I	Identify the conflicting claims to the English throne between Mary I and Elizabeth I. Identify the significant events in the reigns of Mary I and Elizabeth I.
	Reform Within the Catholic Church	Identify key leaders of the Catholic reform movement, including Cardinal Cisneros and Ignatius of Loyola. Identify results of the Council of Trent.
	Wars of Religion	Understand the events surrounding the religious wars in France, Germany, and the Netherlands.

Unit	Lesson Title	Lesson Objectives
5 GROWTH OF WORLD EMPIRES		
	Absolutism in England: 16-17th Centuries	Identify England's absolutist monarchs of the sixteenth and seventeenth centuries.
	Absolutism in England: 17th Century	Identify England's absolutist monarchs of the seventeenth centuries. Understand the events surrounding the English Civil War. Identify the changes England experienced during the Commonwealth under Cromwell. Identify the role that religion played in the English Civil War.
	Absolutism in France	Recognize the roles of Richelieu and Louis XIV in making France a leading force in Europe.
	Report: Versailles	Explain how Versailles contributed to France's decline after the death of Louis XIV, and eventually, to the French Revolution of the eighteenth century.
	English Mercantilism	Explain how mercantilism influenced global economics, politics, and exploration, with emphasis on England.
	French Mercantilism and Colonial Rivalry	Explain how mercantilism influenced global economics, politics, and exploration, with emphasis on France.
	Portugal	Recognize the role of Portugal as a world power in exploration and colonization.
	Spain	Recognize the role of Spain as a world power in exploration and colonization.
	Austria, Germany, and Italy	Describe the events surrounding the Thirty Years War. Describe the events surrounding the War of the Austrian Succession. Describe Italy's political and economic changes during the seventeenth and eighteenth centuries.
	Report: Prussia	Describe Prussia's leaders, military, and economic growth of the seventeenth and eighteenth centuries. Discuss Prussia's religious problems of the seventeenth and eighteenth centuries and propose solutions.
	The Ottoman Empire	Describe the rise and fall of the Ottoman Empire.

Unit	Lesson Title	Lesson Objectives
6 THE AGE OF REVOLUTION		
	English Revolution: Divine Right (Cavaliers)	Understand the events leading up to the English Civil War. Recognize the place of Charles I and the "Cavaliers" in English history.
	English Revolution: Divine Right (Roundheads)	Identify the role that religion played in the English Civil War. Understand the events leading up to the English Civil War. Recognize the place of Charles Cromwell and the "Roundheads" in English history.
	English Revolution: People's Choice	Identify the role that religion played in the English Civil War. Recognize the place of Charles II and James II in English history.
	American Revolution: British Background	Identify the key elements of the English Bill of Rights of 1689. Identify the role that religion played in the English Civil War. Describe how American colonies were founded and governed. Identify elements of the political and social climate (trade laws, mercantilism, etc.) that led to the American Revolution.
	Report: Boston Tea Party	Explain the motives of the patriots involved in the Boston Tea Party.
	American Revolution: American Frontier	Identify key leaders and events of the American Revolution. Explain the differences in government under the Articles of Confederation and the Constitution.
	Report: 1770s Colonist Report: Constitution	Take a position as a Patriot, a Tory, or neutral and defend it. Compare and contrast the Articles of Confederation with the U.S. Constitution, showing the strengths and weaknesses of each.
	French Revolution: Old Regime	Identify elements of the political and social climate that led to the French Revolution. List the measures taken by the National Convention to secure a new government for France.
	French Revolution: New Leadership	List the measures taken by the National Convention to secure a new government for France.. Identify key events of Napoleon's reign(s).
	Report: Napoleon	Take a position supporting Napoleon and his new government and defend it.
	Report: Napoleon and Modern Society	Compare and contrast the attitudes of people under Napoleon's reign with the attitudes of people under the U.S. government following the events of September 11, 2001.

Unit	Lesson Title	Lesson Objectives
7 THE INDUSTRIAL REVOLUTION		
	England: Sparks of Preparation	Understand the events leading up to the Industrial Revolution in England. Identify early English inventors of the Industrial Revolution and their inventions.
	England: Fires of Continuation United States: Industrial Climate	Identify both positive and negative effects of the factory system. Identify the resources that allowed for the growth of the Industrial Revolution in America. Identify early American inventors of the Industrial Revolution and their inventions.
	United States: Industrial Progress	Identify how war and U.S. industry impacted each other. Identify specific improvements made in the fields of energy, communications, and transportation. Identify both positive and negative effects of corporations on U.S. society in the nineteenth and early twentieth centuries.
	Report: Industrial Revolution Biography Social Changes: Negative Drawbacks	Write a biography of a leading individual of the Industrial Revolution. Identify negative effects of the Industrial Revolution on society in the nineteenth and early twentieth centuries. Identify changes that improved working conditions for the working class.
	Social Changes: Positive Contributions	Identify positive effects of the Industrial Revolution on society in the nineteenth and early twentieth centuries. Explain the interdependence of present-day nations on each other for trade and commerce.
	Report: Socialism or Free Enterprise	Take a position defending either socialism or the free enterprise system in the United States.

Unit	Lesson Title	Lesson Objectives
8 TWO WORLD WARS		
	World War I: Mounting Tensions	Understand the events leading up to World War I. Identify members of both the Triple Alliance and the Triple Entente.
	World War I: Erupting Conflicts	Identify early offensives of World War I.
	World War I: Counter-Aggression	Discuss America's role in World War I.
	The Russian Revolution: 1905	Understand the events of the 1905 Russian Revolution Identify the basic ideas of communism
	The Russian Revolution: 1917	Identify the events of the 1917 Russian Revolution
	Peace Initiative	Identify the results of the Treaty of Versailles following World War I.
	Post-War Attitudes	List arguments for Woodrow Wilson's "peace with justice" following World War I. Recognize the role of economics in the post-World War I era. Identify the effects of the United States' rejection of the League of Nations.
	Report: Comfort in the Depression	Examine daily life during the Great Depression in America in the 1920s and 1930s.
	Power Quests	Relate European economic conditions to the military buildup prior to World War II.
	Military Aggression	Identify Germany's actions that led to the beginning of World War II.
	World War II: Battle Fronts	Identify major political leaders of the World War II era. Identify Germany's actions that extended World War II.
	Report: Allied Battle Strategy	Describe the Allies' battle strategy for victory in Europe after December, 1941.
	World War II: Battles in the Pacific	Identify America's role in the Pacific during World War II. Discuss advantages and disadvantages of the atomic bombing of Japan.
	Peace Efforts	Identify policies and strategies of the Allies following World War II.
	Unification	Discuss the origins and functions of the United Nations.
	Report: Twentieth Century	

Unit	Lesson Title	Lesson Objectives
9 THE CONTEMPORARY WORLD		
	Origins of the Cold War	Describe America's policy of containment during the Cold War. Identify European nations where Communist governments were set up during the Cold War.
	United Nations and the Marshall Plan	Identify the main organizational structures of the United Nations. List the strengths and weaknesses of the United Nations. Trace the growth of Communism in China.
	Report: The United Nations	Write a report analyzing the strengths and weaknesses of the United Nations
	The Course of the Cold War	Identify key events of the Korean War. Describe General MacArthur's strategy to break out of the Pusan Perimeter. Trace the Soviet Union's role in the growth of Communism around the world.
	The Vietnam War and Invasions	Identify key events of the Vietnam War. Trace the Soviet Union's role in the growth of Communism around the world.
	The End of the Cold War	Identify key events of the collapse of the Soviet Union.
	Report: The Cold War North America	Write a descriptive report on a Cold War topic of your choice. Summarize the physical geography, economics, culture, and politics of North America.
	Central America and the Caribbean Islands	Summarize the physical geography, economics, culture, and politics of Central America and the Caribbean Islands.
	Report: Central American Governments	Write a descriptive report on governments of Central America during the Cold War era.
	South America	Summarize the physical geography, economics, culture, and politics of South America.
	Europe	Summarize the physical geography, economics, culture, and politics of Europe.
	Africa	Summarize the physical geography, culture, and politics of Africa.
	Asia	Summarize the physical geography, culture, and politics of Asia, including the Middle East, India, and Southeast Asia.
	The Far East and Australia	Summarize the economics, culture, and politics of the Far East, with emphasis on China. Summarize the physical geography and politics of Australia.

Unit	Lesson Title	Lesson Objectives
10 ANCIENT TIMES TO THE PRESENT		
	Ancient Civilizations	Review the culture and politics of ancient Hebrew history. Review the physical geography, culture, and politics of ancient Egyptian history. Review the physical geography, culture, and politics of ancient Babylonian history. Review the physical geography, culture, and politics of ancient Chinese history.
