

Christian Kids Explore Earth & Space
By Stephanie Redmond

TABLE OF CONTENTS

A Note from the Author

How to Use This Book

Unit One

Getting Started

Vocabulary
Materials Needed
Creation Coloring Page

Lesson 1: Earth's Creation

Teaching Time: In the Beginning
Hands-On Time: Map It!
For Younger Students: Globe Exploration

Lesson 2: Facts About Earth and Its Structure

Teaching Time: Just the Facts, Ma'am
The Revolving Earth
Earth's Rotation
The Rising and Setting Sun
Measuring Earth
Earth Facts Summary
What's Inside Earth?
Hands-On Time: Make a Model of Earth's Structure
For Advanced Students: Make a 3-D Model of Earth

Unit One Wrap-Up

Make a Folderbook
Unit Composition
Show What You Know!

Unit Two

The Lithosphere

Vocabulary
Materials Needed
Lithosphere Coloring Page

Lesson 3: Plate Tectonics:

Teaching Time: The Shifting Earth
The Plate Tectonics and Pangea Theories
What Does the Bible Say?
Review It!
Hands-On Time: Tectonics Demonstration

Lesson 4: Caves

Teaching Time: Spelunking We Will Go!
Cave Formation
Caverns
Speleothems
Review It!
Hands-On Time: Make a Speleothem
For Younger Students: Make a Speleothem With Sand

Lesson 5: Volcanoes

Teaching Time: Hot, Hot, Hot!
The Structure of a Volcano
Types of Volcanoes
Hands-On Time: Simulate a Volcanic Eruption

Lesson 6: Earthquakes

Teaching Time: Shake, Rattle, and Roll
What Is an Earthquake?
Seismology
Faults
Explaining Earthquakes
Hands-On Time: Map It!
For Younger Students: Shake a City!

Lesson 7: Rock Types on Earth

Teaching Time: Rocky Ground
Introduction to Rocks
Main Types of Rocks
Review It!
Hands-On Time: Make an Edible Sedimentary Rock

Unit Two Wrap-Up

Make a Folderbook
Unit Composition
Show What You Know!

Unit Three

The Hydrosphere

Vocabulary

Materials Needed

Hydrosphere Coloring Page

Lesson 8: Introduction

Teaching Time: Water, Water Everywhere

Water Sources on Earth

The Hydrologic Cycle

Hands-On Time: The Hydrologic Cycle

For Younger Students: Act Out “Evaporation”

Lesson 9: Oceans

Teaching Time: Pass the Salt, Please

Saltwater

Ocean Depth

Topography of the Ocean Floor

Ocean Temperatures

Hands-On Time: Halve the World and Make a Chalk Clock

Lesson 10: Groundwater

Teaching Time: Let’s Go Underground

The Source of Groundwater

The Water Table

Points to Remember

Review It!

Hands-On Time: Make “Groundwater”

Lesson 11: Glaciers and Icebergs

Teaching Time: Iced Down

Glaciers

Types of Glaciers

Antarctica

Icebergs

One Step Further

Hands-On Time: Make a Glacier

Unit Three Wrap-Up

Make a Folderbook

Unit Composition

Show What You Know!

Unit Four

The Atmosphere

Vocabulary
Materials Needed
Atmosphere Coloring Page

Lesson 12: Introduction

Teaching Time: Layer by Layer
Where Does the Atmosphere Come From?
Atmosphere Defined
Understanding the Atmosphere
The Troposphere
The Stratosphere
The Mesosphere
The Thermosphere
Atmosphere Discoveries
Hands-On Time: Make an Atmosphere Wall Chart

Lesson 13: Atmospheric Pressure

Teaching Time: Feel the Pressure
What's a Barometer Like?
The Invention of the Barometer
Hands-On Time: Make a Barometer

Lesson 14: Humidity

Teaching Time: Moisture in the Air
Relative Humidity
A Water Warning
Air Composition
Hands-On Time: Build a Psychrometer

Lesson 15: Air Composition

Teaching Time: The Air We Breathe
Understanding Composition
The Heterosphere
The Homosphere
A Little Recipe
Review It!
Hands-On Time: Make a Homosphere Pie Chart
Another Option
For Advanced Students: Discover More!

Unit Four Wrap-Up

Make a Folderbook
Unit Composition
Show What You Know!

Unit Five

Earth's Weather

Vocabulary
Materials Needed
Weather Coloring Page

Lesson 16: Introduction to Weather and Seasons

Teaching Time: Be Weather-wise
Weather All Around Us
Seasons
What About the Tropics?
The Rest of the World
Hands-On Time: Make a Season Memory
Art Options
For Younger Students: Talk About It!

Lesson 17: Cloud Formation

Teaching Time: All About Clouds
Clouds Defined
Cloud Classification
Cloud Facts
Review It!
Hands-On Time: Weather in a Jar

Lesson 18: Precipitation

Teaching Time: Rain, Snow, Sleet, and Hail
Types of Precipitation
A Look at Rain
Let It Snow
Freezing Rain
Sleet
Hail
Hands-On Time: Make a Rain Gauge
For Advanced Students: One Step Further

Lesson 19: Thunderstorms and Tornadoes

Teaching Time: When Weather Turns Violent
The Origin of Thunderstorms
More on Cumulonimbus Clouds
Tornadoes
Hands-On Time: Make a Tornado in a Bottle
For Advanced Students: Write and Deliver a Weather Bulletin/Damage Report

Lesson 20: Hurricanes

Teaching Time: In the Eye of the Storm
Weather Patterns
What Is a Hurricane?
How Hurricanes Form
Rating a Hurricane
How Hurricanes Weaken
Hands-On Time: Map It!

Unit Five Wrap-Up

Make a Folderbook
Unit Composition
Show What You Know!

Unit Six**Beyond the Earth**

Vocabulary
Materials Needed
Space Coloring Page

Lesson 21: Makeup of the Universe

Teaching Time: What's in Space?
Lights in the Sky
Other Heavenly Bodies
Hands-On Time: Lunar Observation
One Step Further

Lesson 22: The Sun

Teaching Time: Solar Studies
The Sun's Composition
How Big Is the Sun?
The Structure of the Sun
The Sun's Purpose
Hands-On Time: Make Sun Prints
For Advanced Students: Research Solar Flares

Lesson 23: Earth's Moon

Teaching Time: In Orbit
How Near Is the Moon to Earth?
The Light of the Moon
The Moon Is a Satellite
The Waxing and Waning Moon
Review It!
Hands-On Time: Make a Lunar Wall Chart

Lesson 24: The Eight Other Planets

Teaching Time: Out in Space

Eight More Planets by Name

Rocky Or Gaseous

Planet Facts and Figures

Hands-On Time: Make Memory Cards

Unit Six Wrap-Up

Make a Folderbook

Unit Composition

Show What You Know!

Glossary

Appendices

Appendix A: Reproducible Maps, Forms, and Illustrations

Appendix B: Memorization Lists

Appendix C: Scripture Memory

Appendix D: Coloring Pages

Appendix E: Recipes and Supplemental Activities

Appendix F: How to Make a Folderbook

Appendix G: Book and Resource List

Appendix H: Answer Key
