

Contents

Lesson 1

- Matching "twin"
- Identifying the odd one out

Lesson 2

- Matching "partner"
- Recognizing relationships

Lesson 3

- Matching sizes

Lesson 4

- Comparing size

Lesson 5

- Matching colors
- Matching colors with their names

Lesson 6

- Comparing length

Lesson 7

- Comparing height

Lesson 8

- Sorting leading to sets and subsets

Lesson 9

- Matching one to one to show a common relationship
- Matching one to one to show equivalent sets

Lesson 10

- Matching one to one to show two unequivalent sets
- Comparing two sets
- Identifying the set with more
- Identifying the set with less

Lesson 12

- Tallying Simple graphs

Lesson 13

- Counting orally
- Reciting/arranging numbers in sequence

Lesson 14

- Understanding the conservation of number

Lesson 15

- Ordering according to size
- Number sequence

Lesson 16

- Ordering according to capacity
- Visual judgment of sizes of different containers

Lesson 17

- Finding capacity by counting

Lesson 18

- Awareness of "heavy" and "light"
- Comparing "heavier than" and "lighter than"
- Awareness that weight is not necessarily related to size
