

Earlybird Mathematics 2A

Contents

Lesson 1

- Reading and writing of numerals
- Counting orally

Lesson 2

- Arranging numbers in sequence

Lesson 3

- Recognizing the set with an equal number
- Recognizing the set with one more
- Recognizing the set with one less

Lesson 4

- Greater than
- Less than

Lesson 5

- Comparison of numbers

Lesson 6

- Understanding the concept of size

Lesson 7

- Ordering according to height/length

Lesson 8

- Estimating length

Lesson 9

- Understanding the use of limb measurements
- Measuring the same object using objects of different length

Lesson 10

- Estimating weight
- Balancing with repeated units

Lesson 11

- Comparing capacity by emptying and filling

Lesson 12

- Counting orally
- Reverse ordering

Lesson 13

- Reciting number rhymes

Lesson 14

- Recognizing number words

Lesson 15

- Understanding tens and ones

Lesson 16

- Learning more about tens and ones

Lesson 17

- Counting orally

Lesson 18

- Recognizing number words

Lesson 19

- Recognizing one-half and one-quarter

Lesson 20

- Approaching addition

Counting on

- Recognizing the addition sign (+) and the equal sign (=)
