COMMUNITY HELPERS

People need each other.

People in a family need each other.

People where you live need each other.

People in a town or a city need each other.

People in a church need each other.

People who live near each other
live in a community.

A community can be as small
as two or three farm houses.

A community can be as large
as the biggest city.

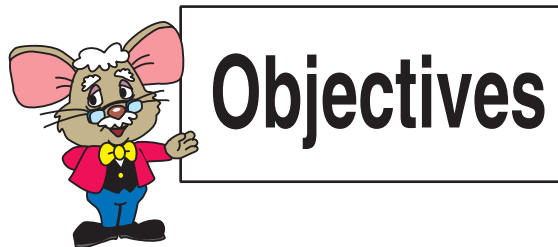

People on the street where you live
make a community.

People in the church
where you and your family
go to worship are a community.

People in the town or city
where you live are a larger community.

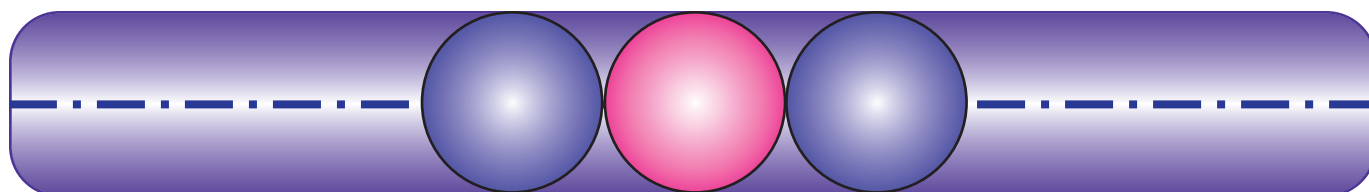

In this LIFE PAC®, you will learn about some
of the things that happen in a community.
You will learn how people help each other.
