## Learn with our friends:

When you see me, I will help your teacher explain the exciting things you are expected to do.

When you do actions with me, you will learn how to write, draw, match words, read, and much more.

You and I will learn about matching words, listening, drawing, and other fun things in your lessons.

# A FRUIT-GROWING COMMUNITY IN WASHINGTON

You will read in this LIFE PAC® about apple growing that is a community project. Many people who know how to do many different tasks work together to bring apples to you.

After finishing this study, you may want to visit the state of Washington.

You will want to see the great mountains, rivers, and lakes. You will want to see Grand Coulee Dam, one of the largest concrete dams in the world.

**Read these objectives.** They tell you what you will be able to do when you have finished this LIFE PAC.

1. You will be able to find the state of Washington on the map.
2. You will be able to tell what states, country, and ocean are next to Washington.
3. You will be able to tell about the geography of Washington.
4. You will be able to tell how apple growers care for their trees in winter and in spring.

5. You will be able to tell how many people, doing different things, help to bring apples to you.
6. You will be able to tell how bees help the growers.
7. You will be able to name different kinds of apples.
8. You will be able to tell how Christian people help each other.

**acre** (a cre). A measure of land.

**bandage** (band age). Strip of cloth used to wrap a wound.

**bin**. Large box for holding things.

**border** (bor der). The side, edge, or part near anything.

**breathe**. Draw air in and out.

**bruise**. Mark on the outside of a fruit caused by poor handling.

**canvas** (can vas). A strong cloth.

**capital** (cap i tal). Most important or leading place.

**cluster** (clus ter). A number of things of the same kind growing together.

**codling moth** (cod ling moth). A small insect that can harm apples.

**conveyor** (con vey or). A moving belt that carries things from one place to another.

**dairy** (dair y). Farm where milk is produced.

**eastern** (east ern). Toward the east.

**elevation** (el e va tion). How high a place is above sea level.

**festival** (fes ti val). A special day to honor some great thing that has happened.

**freckles** (freck les). Small, light-brown spots on the skin.  
**grade**. Place in order of how good or bad something is.  
**harvest** (har vest). The time when crops are brought in.  
**heal**. Make well.  
**irrigate** (ir ri gate). Get water to the land by using ditches.  
**juicy** (juic y). Runny, full of juice.  
**lopsided** (lop sid ed). Larger on one side than on the other.  
**nectar** (nec tar). Sweet liquid found in flowers.  
**nursery** (nurs er y). Place where young trees or plants are raised for sale.  
**orchard** (or chard). Piece of ground on which fruit trees are grown.  
**polisher** (pol ish er). Something or someone who makes something smooth and shiny.  
**pollen** (pol len). A fine, yellow dust found inside flowers.  
**prop**. Hold up by placing something under or against.  
**prune**. Cut out branches that are not wanted.  
**rotten** (rot ten). Spoiled.  
**spillway** (spill way). Place for water to escape when a dam gets too full.  
**temperature** (tem per a ture). How hot or cold something is.  
**thorn**. Sharp-pointed part on the stem or branch of a tree or plant.  
**tray**. A flat holder with a rim around it.  
**welcome** (wel come). To give a friendly greeting.  
**western** (west ern). Toward the west.

These words will appear in **boldface** (darker print) the first time they are used.

# I. A NEW HOME IN WASHINGTON

You will travel with Debra and Joe Sanders to their new home in Washington, in this section of your LIFE PAC. You will learn a few funny ways you talk about apples. You will see how Christian people help each other. You will learn about the care of apple trees in winter.
