Learn with the our friends:

When you see me, I will help your teacher explain the exciting things you are expected to do.

When you do actions with me you will learn how to write, draw, match words, read, and much more.

You and I will learn about matching words, listening, drawing, and other fun things in your lessons.

YOU LEARN WITH YOUR EARS

Listen!

You can hear sounds.
You can hear birds sing.
You can hear people talk.
You can make sounds, too.
Sounds can help you learn.
You can learn with your ears.

Objectives

1. I can tell about some sounds I hear.
2. I can read some words about sound.
3. I can tell how sound moves.
4. I can tell how ears catch sounds.
5. I can tell about some sounds I make.

My name is _____.

I will learn with my ears.

I. YOU HEAR SOUNDS

Wind can whistle
And rustle the leaves.
Water can gurgle
And splash.

A bird can sing
Way up in the trees.
A cricket can chirp
In the grass.

The wail of a siren,
The clink of a spoon,
The jingle or ring
Of a bell,
Can tell you what's happening
Outside of your room.
They are sounds you know
So well.

SOUNDS OF NATURE

Animals make sounds.
God gave each animal
a sound of its own.

Draw an animal for each sentence.

“Baa-baa,” says
the black sheep.

The spotted dog
says, “Bow-wow.”

“Moo-moo,” says the cow.

The cat says, “Meow.”
