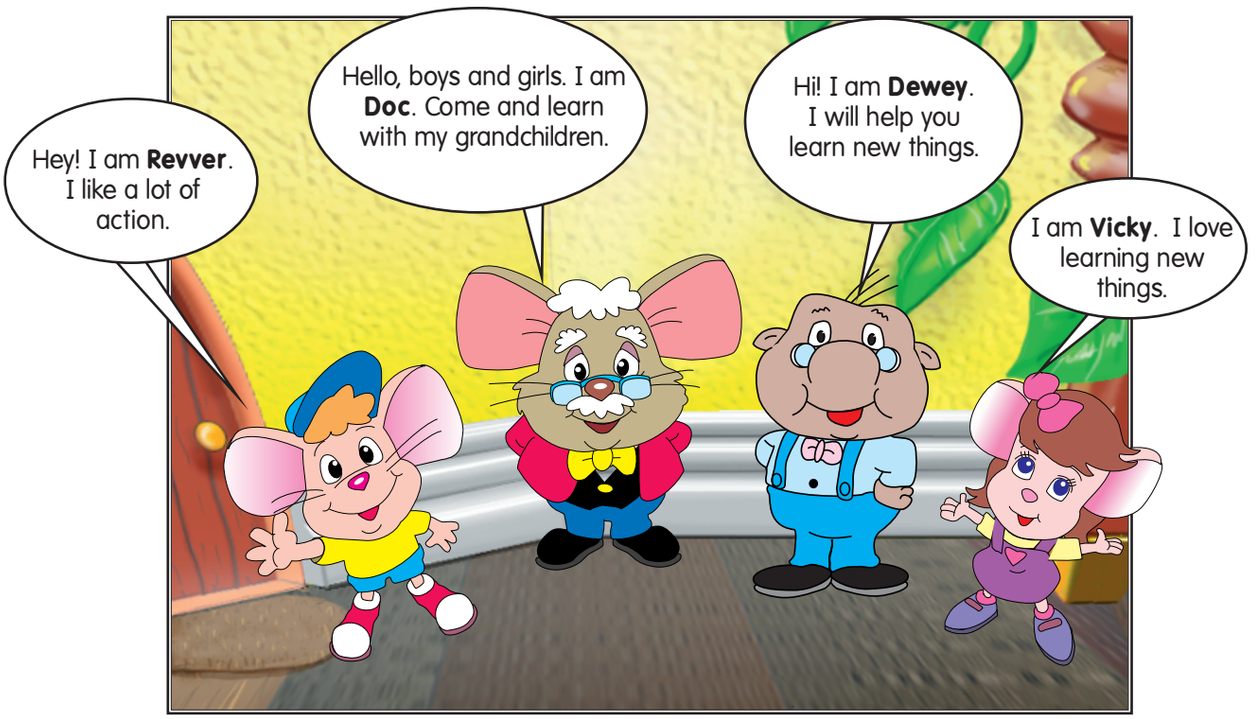
Learn with our friends.



When you see me, I will help your teacher explain the exciting things you are expected to do.

When you do actions with me, you will learn how to write, draw, match words, read, and much more.

You and I will learn about matching words, listening, drawing, and other fun things in your lessons.

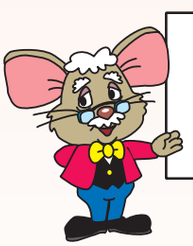
Follow me and I will show you new, exciting truths, that will help you learn and understand what you study. Let's learn!

YOUR SENSES

This story is about you. Your name is _____ . You are _____ years old.

You have two ears. You have one nose. You have two eyes. You have one mouth. You have ten fingers. You use these parts of your body to learn about God's world.

You will learn about your five senses in this LIFEPAC®. You hear with your ears. You smell with your nose. You see with your eyes. You taste with your mouth. You touch things, too. When you do these things, you are learning about God's world.



Objectives

Read these objectives. They will tell you what you will be able to do when you have finished this LIFEPAC.

1. You will be able to name your five senses.
2. You will be able to tell how a blind person reads.
3. You will learn how to talk to a deaf person.
4. You will be able to tell how to use each sense.

NEW WORDS

bean. A vegetable.

blind. Not able to see.

cane. A long stick.

cassette player (cas sette play er). Another name for a tape recorder.

chew. To move the teeth to break up food.

deaf. Unable to hear.

eyeball (eye ball). The ball-shaped part of the eye.

eyebrow (eye brow). The hair that grows above the eye.

eyelash (eye lash). The hairs that keep dirt out of the eye.

eyelid (eye lid). The covering of the eye.

magnify (mag ni fy). To make larger.

microscope (mi cro scope). An instrument to look at very small things.

nurse. A person who helps sick people.

potato (po ta to). A vegetable.

pray. To talk to God.

radio (ra di o). An instrument that receives sound waves.

salad (sal ad). Uncooked, cut up fruit or vegetables.

spoon. Something used for eating.

swallow (swal low). To make food go from the mouth into the stomach.

taste. To know the flavor of food.

telescope (tel e scope). An instrument to look at things far away.

tongue. A part of the mouth.

touch. The sense of feeling things.

tube. A round, hollow pipe.

These words will appear in **boldface** (darker print) the first time they are used.

I. YOU CAN SEE

This morning when you woke up, you had to open your eyes. Soon you were looking all around. You saw many things. In this section you will learn how you see. You will learn about people who cannot see with their eyes. You will find out how they can read without looking at the letters.

WORDS TO STUDY

blind		Not able to see
cane		A long stick
eyeball	(eye ball)	The ball-shaped part of the eye.

eyebrow	(eye brow)	The hair that grows above the eye.
eyelash	(eye lash)	The hairs that keep out dirt from the eye.
eyelid	(eye lid)	The covering of the eye.
magnify	(mag ni fy)	To make larger.
microscope	(mi cro scope)	An instrument to look at very small things.
nurse		A person who helps sick people.
telescope	(tel e scope)	An instrument to look at things far away.

SPECIAL WORD

Braille

Ask your teacher to say these words with you.
