## Learn with our friends:

When you see me, I will help your teacher explain the exciting things you are expected to do.

When you do actions with me, you will learn how to write, draw, match words, read, and much more.

You and I will learn about matching words, listening, drawing, and other fun things in your lessons.

Follow me and I will show you new, exciting truths that will help you learn and understand what you study. Let's learn!

# LOOKING AT OUR WORLD

God made living and nonliving things.  
Plants, animals, and people are living.  
Land, sea, and sky are not living.

People make things too. Houses, streets,  
cars, and toys are made by people.

All of these things together make up our world.

All of the living and nonliving things in your neighborhood make up your environment.

In this LIFEPAK® you will review (study again) living things, nonliving things, and your environment.

**Read these objectives.** They will tell you what you will be able to do when you have finished this LIFEPAAC.

1. You will be able to name three kinds of living things.
2. You will be able to describe how living things grow.
3. You will be able to explain two or more ways living things change.
4. You will be able to tell how living things help people.
5. You will be able to list four ways to describe objects.
6. You will be able to tell how objects help people.
7. You will be able to use your senses to describe your environment.
8. You will be able to tell how the seasons change your environment.
9. You will be able to list two or more ways to take care of your environment.
10. You will be able to tell why you should keep yourself healthy.

## **NEW AND REVIEW WORDS**

**beach.** Land near water.

**becomes** (be comes). Grows into.

**cabin** (cab in). Small house in the woods.

**cactus** (cac tus). A plant that grows in dry places.

**climate** (cli mate). How hot or cold it gets where you live.

**cool.** Not too hot; not too cold.

**cotton** (cot ton). A plant used to make clothes.

**describe** (de scribe). To tell about the way something looks or feels.

**environment** (en vi ron ment). The place where you live.

**exercise** (ex er cise). To move muscles to grow strong.

**favorite** (fa vor ite). The one you like best.

**healthy** (health y). Feeling well.

**irregular** (ir reg u lar). Not always the same.

**lightning** (light ning). A flash of light in the sky.

**messy** (mess y). Not neat.

**object** (ob ject). A nonliving thing that you can see or touch.

**ocean** (o cean). A large body of water.

**odor** (o dor). A smell.

**pollution** (pol lu tion). Something that makes your environment messy or dirty.

**pound.** To hit with a hammer.

**provide** (pro vide). To give.

**shed.** To lose hair or fur.

**skinny** (skin ny). Very thin.

**storm.** A lot of rain or snow at one time.

**thunder** (thun der). A loud noise heard when it rains.

**vegetables** (veg e ta bles). Plants you can eat.

**wool**. Hair that grows on sheep.

**yarn**. Thick string made from wool.

These words will appear in **boldface** (darker print) the first time they are used.

## I. ALL ABOUT LIVING THINGS

Plants, animals, and people are living things. We know they are living because they grow.

Living things change, too. Some plants and animals change color, others change their parts.

God takes care of living things by **providing** air, water, sun, and food. People help to care for living things, too.

Did you know that living things can take care of you? Plants and animals make food, do work, and provide materials for our use.
