The *Christian Liberty Preschool* program introduces students to the letters of the alphabet and the counting numbers, 0 through 10. Students will also learn about colors, shapes, size, matching, opposites, patterns, and other basic skills. This program provides preschool students with an excellent foundation for the *Christian Liberty Press Adventures in Phonics* program.

This *Preschool Drill Book* includes exercises that will reinforce what students are learning in the *Preschool Activity Book*. This supplemental workbook offers students extra practice in basic handwriting skills, forming the letters of the alphabet, writing the counting numbers, and working on colors and shapes.
