Introduction

The ability to read is so important. The wonderful mind God gave us is able to gain knowledge through the written words in countless books and reading materials, the most valuable being His Holy Word. God's gift of language, as it is written or spoken, makes it possible to communicate with others, sharing thoughts and concerns, information and instructions, and especially the truth of Scripture. May each of us continually fear and honor the Lord, which is the beginning of knowledge. May we choose to read worthwhile, excellent materials that are true, honorable, right, pure, lovely, and of good reputation.

Every teacher feels very rewarded as his or her student suddenly seems to understand the lessons. This often takes many hours of patient instruction. Each student learns at his own pace. Pray for discernment, patience, desire, and perseverance as the daily lesson is done. You are not only teaching lessons of our language, but attitude as well. Be enthusiastic about this important area of study and always encourage neatness.

Much of this workbook is a reinforcement of the work introduced in the previous two workbooks, *Adventures in Phonics Levels A and B*, but at a more difficult level. The general plan of this workbook includes the introduction of phonetic principles, followed with a page of exercises to apply the rules of the lesson and to demonstrate comprehension of the material. As the teacher's instructions repeatedly say, the entire lesson should be studied together with your student or "taught" before he completes the work independently. The lessons are not tests, but rather a time for teaching or reviewing. Ideally, students should be encouraged to complete all of the exercises on the page. It would be beneficial to look back on previous lessons for review, especially if some principle needs to be reinforced.

This book is only possible because of God's gracious goodness in direction and strength. His faithfulness has granted perseverance and guidance. From the beginning to the end of our life of learning, line upon line and precept upon precept, may we always be conscious of the fact, and thankful, that it is God who has fearfully and wonderfully made us. It is God who is at work in us, both to will and to work for His good pleasure.

May students who complete these lessons seek to glorify God in their preparation to be our country's future leaders.

*Whatever you do, do it heartily,
as to the Lord and not to men.*

Colossians 3:23

Welcome to Adventures in Phonics

Our language is built upon the twenty-six letters of the alphabet. Every word has at least one vowel. Most words have at least one consonant. It is important to know the sounds of the letters, as well as how to print them as capitals and small letters.
