Where Creation Inspires Education

Since 1975, Master Books has been providing educational resources based on a biblical worldview to students of all ages. At the heart of these resources is our firm belief in a literal six-day creation, a young earth, the global Flood as revealed in Genesis 1–11, and other vital evidence to help build a critical foundation of scriptural authority for everyone. By equipping students with biblical truths and their key connection to the world of science and history, it is our hope they will be able to defend their faith in a skeptical, fallen world.

If the foundations are destroyed, what can the righteous do?

Psalm 11:3; NKJV

As the largest publisher of creation science materials in the world, Master Books is honored to partner with our authors and educators, including:

Ken Ham of Answers in Genesis

Dr. John Morris and Dr. Jason Lisle of the Institute for Creation Research

Dr. Donald DeYoung and Michael Oard of the Creation Research Society

Dr. James Stobaugh, John Hudson Tiner, Rick and Marilyn Boyer, Dr. Tom Derosa, and so many more!

Whether a pre-school learner or a scholar seeking an advanced degree, we offer a wonderful selection of award-winning resources for all ages and educational levels.

*But sanctify the Lord God in your hearts, and always be ready
to give a defense to everyone who asks you a reason for the hope
that is in you, with meekness and fear.*

1 Peter 3:15; NKJV

Lessons for a 36-week course!

Overview: This *Biblical Archaeology PLP* contains materials for use with *The Archaeology Book*, *Unveiling the Kings of Israel*, and *Unwrapping the Pharaohs*. Materials are organized by book in the following sections:

	Study Guide Worksheets
	Quizzes
	Semester Tests
	Answer Key

Features: Each suggested weekly schedule has five easy-to-manage lessons which combine reading, worksheets, and vocabulary-building opportunities including an expanded glossary for *The Archaeology Book*. Designed to allow your student to be independent, materials in this resource are divided by section so you can remove quizzes, tests, and answer keys before beginning the coursework. As always, you are encouraged to adjust the schedule and materials needed to in order to best work within your educational program.

Workflow: Students will read the pages in their book and then complete each section of the course materials. Quizzes are given at regular intervals with space to record each grade.

Lesson Scheduling: Space is given for assignment dates. There is flexibility in scheduling. While each quarter has 45 days of assignments, they do not have to be given M-F. Some students may prefer to do more assignments each day, allowing for breaks on other days. Each week listed has five days but due to vacations the school work week may not be M-F. Please adapt the days to your school schedule. As the student completes each assignment, he/she should put an “X” in the box.

	Approximately 30 to 45 minutes per lesson, five days a week
	Includes answer keys for worksheets, quizzes, and semester tests
	Worksheets for each chapter
	Quizzes are included to help reinforce learning and provide assessment opportunities; optional semester exams included
	Designed for grades 10 to 12 in a one-year course to earn 1 history credit

Course includes books from creationist authors with solid, biblical worldviews:

David Down - *The Archaeology Book*, *Unwrapping the Pharaohs*, and *Unveiling the Kings of Israel*

David Down has been a field archaeologist for over four decades, excavating regularly in Israel and involved in numerous digs over the years.

John Ashton - *Unwrapping the Pharaohs*

John Ashton is a Fellow of the Royal Australian Chemical Institute and specializes in food and nutrition research. He has also served as editor of some of the most compelling books compiled on faith, origin issues, and science essays released in the past few years.

Course Description

This is the suggested course sequence that allows one core area of science to be studied per semester. You can change the sequence of the semesters per the needs or interests of your student; materials for each semester are independent of one another to allow flexibility.

Book 1: The Archaeology Book

You will learn both the techniques of the archaeologist and the accounts of some of the richest discoveries of the Middle East that demonstrate the accuracy and historicity of the Bible. You will unearth: how archaeologists know what life was like in the past; why broken pottery can tell more than gold or treasure; some of the difficulties in dating ancient artifacts; how the brilliance of ancient cultures demonstrates God's creation; history of ancient cultures, including the Hittites, Babylonians, and Egyptians; the early development of the alphabet and its impact on discovery; the numerous archaeological finds that confirm biblical history; and why the Dead Sea scrolls are considered such a vital breakthrough.

Book 2: Unwrapping the Pharaohs

Authors David Down and John Ashton present a groundbreaking new chronology that supports the biblical account. Go back in time as famous Egyptians such as the boy-king Tutankhamen, the female pharaoh Hatshepsut, and the beautiful Cleopatra are brought to life. Learn who the pharaoh of the Exodus was and where his pyramid is in this captivating new look at Egyptian history. The DVD includes a breathtaking journey through the pyramids and temples of Egypt. Go deep into ancient tombs and discover the fascinating architecture and history of the pyramids. See how discrepancies in biblical and secular chronologies are easily reconciled.

Book 3: Unveiling the Kings of Israel

Study the history of the small nation of Israel, including the troubled and devastating periods of loss and exile once lost to time. Far from being a book of myths, the Bible is an amazing historical record and each year, more archaeological discoveries continue to prove its validity and significance. Follow the intriguing clues found buried in ancient cities, on the walls of early monuments, and in the written records of our world's oldest civilizations. Walk the ancient streets, explore the distant temples, and unearth the compelling history that continues to resonate with the world today. As you study fascinating accounts that fill in some of history's unwritten record, you can follow the Biblical timeline through detailed photos and examples.

Questions

1. What does the word *archaeology* mean?
2. For what three reasons were cities built on hills?
3. When did people first start using coins?
4. Why are inscriptions found on ancient pottery valuable to archaeologists?
5. What are the four main periods of archaeological time?

Activities

1. Find a small piece of damp clay or plasticine, and with the end of a screwdriver impress your name on it, creating your own seal impression.
2. Set up an archaeological treasure hunt with some everyday items. Have an adult bury the items in shallow holes, covering them with a thin layer of soil. Carefully go about digging them up and classifying your treasures in a journal.
