

## **The Science of Life: Biology – 1/2 Credit**

**Recommended Grades: 8-9**

**Includes:** *Building Blocks in Life Science; Building Blocks in Science*

<http://www.nlpg.com/the-science-of-life-biology-curriculum>

Alternative Names:

- Survey of Life Science
- Survey of Biology & Life Science
- Intro. to Life Science
- Life Science Foundations

Parents may assign this as a Science or Elective credit. The description “with Lab” may be added to course title if student completes about 30 hours of lab work. We highly recommend adding the Lab work to this course.

This is a great science course for that student who wants something other than the more traditional science courses. It is an “out of the box” type course that will liven up your student’s transcript. This course can easily be paired with another ½ year course for a full year course.

It is expected that high school students will complete many of the extra Activities while younger students will complete fewer of them.

Optional Labs:

**We highly recommend the purchase of good microscope and general slide sets.**

Scientific coloring books may also be helpful.

(Materials Available from [www.HomeTrainingTools.com](http://www.HomeTrainingTools.com))

### *Building Blocks in Science*

[KT-ISDNAEX](#) DNA Extraction Kit

[BE-BLDTEST](#) Blood Test Kit, Individual

---

### *Building Blocks in Life Science*

[CM-DNAMOD](#) DNA Molecular Model Kit

[KT-SWDNA](#) Science Wiz DNA Kit

[LM-GROFROG](#) Grow-A-Frog Kit

Recommended Microscope Slides:

[MS-SETBIO](#) Biology Slide Set

[MS-SETHPAT](#) Human Pathology Slide Set
