Using This Teacher Guide

Features: The suggested weekly schedule enclosed has easy-to-manage lessons that guide the reading, worksheets, and all assessments. The pages of this guide are perforated and three-hole punched so materials are easy to tear out, hand out, grade, and store. Teachers are encouraged to adjust the schedule and materials needed in order to best work within their unique educational program.

Got Bible Questions? This course has answers ... specially written for kids! Satisfy and encourage your student's curiosity with the *Answers Book for Kids* series, based on questions from kids just like him or her. The student will learn to defend his or her faith while memorizing Bible verses along the way. A wonderful way to begin teaching your student Christian apologetics, this course includes worksheets, activities, and quizzes structured around the readings.

Approximately 30 to 45 minutes per lesson, five days a week

Includes answer keys for worksheets and quizzes

Worksheets for each lesson

Quizzes are included to help reinforce learning and provide assessment opportunities

Designed for grades 4 to 6 in a one-year course

Course Objectives: Students completing this course will

- ✓ Investigate biblical truths concerning the creation account, Adam and Eve, and sin
- ✓ Become familiar with God's Word, what He desires of them, and how much He loves them
- ✓ Identify insights regarding the account of Noah and the Ark, how he and his family cared for the animals, and how fossils formed
- ✓ Learn how to defend their faith against a secular worldview in a fallen world
- ✓ Study truths about the Tower of Babel, the Ice Age, and the purpose of stars
- ✓ Write out text they can share with friends or family about what they have learned

Course Description

This course is based on the amazing *Answers Book for Kids* series, with answers to over 100 of their most difficult questions! It features a five-day schedule, Monday through Friday, but it can be easily adapted to fit the needs of the student.

This apologetics study for upper elementary children delves into issues regarding the Bible, God, sin, dinosaurs, the Flood of Noah, salvation, astronomy, and more, and is all based on actual questions asked by kids. Answers are important. If children aren't given answers to their questions about the Bible and the history it reveals, they cannot defend their faith against a fallen world. The course highlights the unique collection of question-answer books from Ken Ham and the creative team at Answers in Genesis to meet this need and helps kids focus on Scripture memorization and faith-building truth. The Bible verses quoted in *The Answers Book for Kids* series are from the New King James Version, though kids are encouraged to write out their daily verses in the version they use each day. Note: Some memory verses and verses to write out are repeated.

Note: Be sure the student answers question 1 for each worksheet before reading the answers in the student books.

Quizzes: Quizzes are optional and should be assigned at the teacher's discretion. The maturity of the student should determine whether the quizzes are open book.

Grading Options for This Course: It is always the prerogative of an educator to assess student grades however he or she might deem best. The following is only a suggested guideline based on the material presented through this course:

To calculate the percentage of the worksheets and quizzes, the educator may use the following guide. Divide total number of questions correct (example: 43) by the total number of questions possible (example: 46) to calculate the percentage out of 100 possible. $43/46 = 93$ percent correct.

The suggested grade values are noted as follows: 90 to 100 percent = A; 80 to 89 percent = B; 70 to 79 percent = C; 60 to 69 percent = D; and 0 to 59 percent = F.
